Caplan,1998 TELL THE TRUTH AND SHAME THE DEVIL Two children who mysteriously disappeared twenty one years ago are the last thing on Lorna Temple s mind when she returns to her Pennsylvania hometown to sell the old family property in the wake of her parents passing But instead of memories the fields where Lorna grew up yield something utterly chilling All those years ago when nine year old

Melinda Eagan vanished on her birthday her foulmouthed older brother Jason quickly became the lone suspect Yet when he went missing too the case turned cold But Jason it seems never got far His bones have been moldering on the Temples land for two decades As far as the local police are concerned the book is closed on Melinda s murder and Jason s death is justice served But Lorna refuses to let the dead rest uneasily She turns to private eye T J Dawson to dig up the dirt of the past and see what lies beneath Only there s someone out there who hasn t forgotten and who won t be the least bit forgiving about being exposed as a killer In matters of crime there are many versions of the truth From the Paperback edition

Raids on Human Consciousness Arthur F. Redding,1998 However one looks at violence as an instrument of bureaucracy or ideology as a product of racial gender or class antagonisms or as the inevitable result of power politics it is an integral part of every social system and is one of the most pressing problems of our tortured century In Raids on Human Consciousness Arthur Redding examines the contention that violence be it the mass product of revolutionary uprising or a private sadomasochistic indulgence may be taken to instill in those who commit it the capacity for radical change Conscious that mainstream theory considers violence deviant a departure from the normal equilibrium of social and aesthetic structures while other critiques take it to be integral to any dynamic system Redding begins with the anarchist inquiry into the relationship of violence to the imaginary representation of modern communities He explores the public images of anarchism in literature and popular culture and emphasizes the diverse strategies by which modern writers encounter derive deflect and manipulate fantasies of political violence Redding recognizes that language fails when confronted with the extreme suffering of human bodies Acknowledging that flesh is subject to war torture and everyday brutality violations to which language can never do justice he nonetheless finds it urgent to reclaim language on the far side of suffering
