The Evidence of Love, Etc Dan Jacobson,1960      **Exploring the Evidence for Creation** Henry M. Morris,2012-09-01 In Exploring the Evidence for Creation Henry Morris III merges years of meticulous research alongside the latest findings of science to present powerful evidence that upholds the biblical account of the earth s beginnings In response to the growing number of Christians who attempt to wed evolutionary theories with the biblical account of creation Morris ably

demonstrates the two worldviews are entirely incompatible In this survey of the evidence for creation he answers these crucial questions What does the natural world teach us about creation Can we observe evolution happening today Can we believe in a Creator and still be true to science Morris lays out evidence that is rational scientific and biblical Readers will marvel as they discover the many ways that scientific research points with stunning clarity to a Creator and Designer whose

glory is very much on display in the cosmos      The Panoplist, and Missionary Magazine ,1815      **Eerdmans Commentary on the Bible: First and Second Kings** Roger Tomes,2019-06-18

This extract from the Eerdmans Commentary on the Bible provides Tomes introduction to and concise commentary on First and Second Kings The Eerdmans Commentary on the Bible presents in nontechnical language the best of modern scholarship on each book of the Bible including the Apocrypha Reader friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars students and general readers Rather than attempt a verse by verse analysis these volumes work from larger sense units highlighting the place of each passage within the overarching biblical story Commentators focus on the genre of each text parable prophetic oracle legal code and so on interpreting within the historical and literary context The volumes also address major issues within each biblical book including the range of possible interpretations and refer readers to the best resources for further discussions

**Letters of Love** Moody Roberts,2013-11-22 John s Epistles are often overlooked This author has seen the need to emphasize them and has brought us to the heart of John s concerns with God s children Like all commentary more could be written but this author has brought the right measure to his work and it will be spiritually productive He has brought out very well the reality of the love of God in the Christian life Unfortunately in so much of today s Christianity assurance of salvation is nothing more than trusting one s profession of faith rather than the object of one s faith Elder Roberts discussion of assurance is to the point
