## **The 13 Clocks:**

The 13 Clocks James Thurber, 1992 How can anyone describe this book It isn't a parable a fairy story or a poem but rather a mixture of all three It is beautiful and it is comic It is philosophical and it is cheery What we suppose we are trying fumblingly to say is in a word that it is Thurber There are only a few reasons why everybody has always wanted to read this kind of story but they are basic Everybody has always wanted to love a Princess Everybody has always wanted to be a Prince Everybody has always wanted the wicked Duke to be punished Everybody has always wanted to live happily ever after Too little of this kind of thing is going on in the world today But all of it is going on valorously in The 13 Clocks     The Thirteen Clocks James Thurber, 1951     The Thirteen Clocks, 2013 Fairy tale for adults that includes a cruel duke a princess and a monster     *The 13 Clocks* James Thurber, 2016-08-02 A giant of American humor makes his Penguin Classics debut with probably the best book in the world Neil Gaiman from the Introduction in a stunning Deluxe Edition featuring the original full color illustrations The hands of all thirteen clocks stand still in the gloomy castle on a lonely hill where a wicked Duke lives with his niece the beautiful Princess Saralinda The Duke fancies he has frozen time for he is afraid that one day a Prince may come and win away the hand of the Princess the only warm hand in the castle To thwart that fate he sets impossible tasks for Saralinda's suitors But when the bold Prince Zorn of Zorna arrives disguised as a wandering minstrel and helped by the enigmatic Golux the cold Duke may at last have met his match Since it was first published in 1950 James Thurber's sublimely whimsical fairy tale of love forestalled but ultimately fulfilled has delighted readers of all ages It is published here with Marc Simont's enchanting full color illustrations from the first edition For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators     **James Thurber's The 13 Clocks** Frank R.
