[The Mystic Way](#) Evelyn Underhill,1914    [The Mystic Way](#) Evelyn Underhill,2017-10-11 Excerpt from The Mystic Way A Psychological Study in Christian Origins We are still too often told that Christian mysticism is no integral part of Christianity Sometimes even that it represents an opposition to the primitive Christian ideal Sometimes we are asked to believe that it originated from Neoplatonic influence that Pagan blood runs in its veins and that its genealogy goes back to Plotinus Far from this being the case all the doctrines and all the experiences characteristic of genuine Christian mysticism can be found in the New Testament and I believe that its emergence as a definite type of spiritual life coincides with the emergence of Christianity itself in the person of its Founder About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works    [The Mystic Way](#) Evelyn Underhill,1998

[The Mystic Way](#) Evelyn Underhill,1913    *The Role of Nature* [Mysticism in Building Ecological Theology and Ethics](#) Rachel M. Knight-Messenger,2025-12-11 This book argues that nature mysticism is an excellent source for building an ecological ethic that takes seriously the human responsibility in creation    *Revival: The Mystical Quest of Christ (1923)* Robert F. Horton,2018-05-08 The author argues that mysticism is not confined to Christianity but the relation between the soul and Christ is a distinctive mystical experience and it is specific in this sense that this relation works out in a certain practice of life and certain development of character It is this concrete effect of a true Christian mysticism which forms the subject of this book    **Exploring Lost Dimensions in Christian Mysticism** Louise Nelstrop,Simon D.

Podmore,2016-04-15 Mystical theology has developed through a range of meanings from the hidden dimensions of divine significance in the community's interpretation of its scriptures to the much later science of the soul's ascent into communion with God The thinkers and questions addressed in this book draw us into the heart of a complicated beautiful and often tantalisingly unfinished conversation continuing over centuries and often brushing allusively into parallel concerns in other religions Raising fundamental matters of epistemology representation metaphysics and divine reality contributors approach the mystical from postmodern feminist sociological and historical perspectives through thinkers such as Meister Eckhart Thomas Aquinas Catherine of Siena Ignatius of Loyola William James Evelyn Underhill Ernst Troeltsch Rudolf Otto Jacques Derrida Jean Luc Marion and Jean Louis Chrétien Medieval and early modern radical prophetic approaches are also explored This book includes new essays by Sarah Apetri Tina Beattie Raphael Cadenhead Oliver Davies Philip Endean Brian Fitzgerald Ann Loades George Pattison Simon D Podmore Joel D S Rasmussen and Johannes Zachhuber    [A Sociology of Mystic](#)

Practices Dann Wigner,2018-06-08 This book investigates the process of spiritual borrowing between the emergent church EC and the Christian mystical tradition From its inception the EC has displayed interest in mystic practices but the exact nature of this interest or how these practices are appropriated and reinterpreted in the EC context has not been researched My research shows that the emergent church is appropriating Christian mystic practices by investing these practices with their own theological content The practices themselves are changed to fit in their new context showing that EC belief shapes EC behavior My study adds a new case study perspective to the sociological examination of the process of spiritual borrowing especially through close inspection of how a spiritual practice changes to fit a new theological context Additionally my book contributes to the study of the complex relationship between belief and behavior
