*The Myth of A.S. Pushkin in Russia's Silver Age* Brian Horowitz, 1996 Mikhail Osipovich Gershenzon philosopher journalist and scholar was one of the most original and eccentric Pushkinists of Russia s Silver Age His eclectic critical judgment was highly esteemed by his generation s best poets and critics and many of his idiosyncratic interpretations of Pushkin have become canonical Brian Horowitz s detailed study illuminates both Pushkin s position as a cultural icon of the Silver Age and Gershenzon s role in establishing and challenging that reputation As Gershenzon s work mirrors both significant and hidden aspects of the Pushkin scholarship of his day his articulation of Pushkin as the symbolic key to Russian culture reflects the Silver Age nostalgia for and identification with the Golden Age in which Pushkin wrote This first book length study of this important figure provides a vivid sense of the inner workings of Russian literary life in the early part of this century *Writing History in Late Imperial Russia* Frances Nethercott, 2019-12-26 An exploration of the various ways creative literature informed and shaped historical enquiry in late Imperial Russia [Pushkin's Monument and Allusion](#) Sidney Eric Dement, 2019-09-02 Pushkin s Monument and Allusion is the first aesthetic analysis of Russia s most famous monument to its greatest poet Alexander Pushkin **Russian Music and Nationalism** Marina Frolova-Walker, 2007 Challenging what is widely regarded as the distinguishing feature of Russian music its ineffable Russianness Marina Frolova Walker examines the history of Russian music from the premiere of Glinka s opera A Life for the Tsar in 1836 to the death of Stalin in 1953 the years in which musical nationalism was encouraged and endorsed by the Russian state and its Soviet successor The author identifies and discusses two central myths that dominated Russian culture during this period that art revealed the Russian soul and that this nationalist artistic tradition was founded by Glinka and Pushkin The author also offers a critical account of how the imperatives of nationalist thought affected individual composers In this way Frolova Walker provides a new perspective on the brilliant creativity innovation and eventual stagnation within the tradition of Russian nationalist music **Faith in Art** Joseph Masheck, 2023-06-15 Metaphysical thought has been excluded from much of the discourse on modern art especially abstract painting By connecting ideas about faith with the initiators of abstract painting Joseph Masheck reveals how an underlying religiosity informed some of our most important abstract painters Covering Wassily Kandinsky Kazimir Malevich Piet Mondrian and El Lissitzky Masheck shows how revealed religion has been an underlying but fundamental determinant of the thinking and practice of abstract painting from its very originators He contextualizes their art within some of the historical moments of the early 20th century including the Russian revolution and the Stalinist period and explores the appeal of certain themes such as the Passion of Christ A radical new theorization of the influence of religion over visual art Faith in Art asks why metaphysics has been eliminated from the discussion where it might have something to say This is a new way of thinking about a hundred years of abstract painting **M.O.
