A. Jakobi

The Nations And The United Nations National Studies On International Organization:

United Nations Politics Donald Puchala, Katie Laatikainen, Roger Coate, 2015-07-14 United Nations Politics takes a unique approach that focuses on the politics that is the persistent and mostly singular emphasis that all member states place on the pursuit of national political economic cultural and ideological interests of UN affairs The project began as an effort to research and write a ten year later sequel to *The Challenge of Relevance* written by Puchala and Coate in 1989 This earlier volume was an assessment of the United Nations and its operations in the late eighties United Nations Politics builds from a series of some 200 interviews conducted at the UN and in various member state missions between 2000 and 2005 Among other things these interviews revealed that the existing English language literature on the UN fails to take into appropriate account the dynamics and the impacts of the internal and external political contexts within which the UN operates This book directly addresses this shortcoming in the academic literature *External Research List*, 1960 **Teaching about the**

United Nations in the Schools and Colleges of the United States in 1950 and 1951 United States. Office of Education, 1952 *International Organizations and Lifelong Learning* A. Jakobi, 2009-10-09 In recent years lifelong learning has become one of the most prominent education policy goals This book shows how international organizations have promoted this idea and disseminated the need for it to countries all over the world As a consequence of their activity lifelong learning has become a central element of modern education policy **The Oxford Handbook of International Business**

Alan M. Rugman, 2009-01-16 As globalization explodes so has international business scholarship This second edition of the Oxford Handbook of International Business synthesises all the relevant literature of the last 40 years in 28 original chapters by the world's most distinguished scholars Reflecting the changes and development in the field since the first edition this new edition has a changed structure all the chapters have been updated to take account of the latest scholarship and five new chapters freshly written The Handbook is divided into six major sections providing comprehensive coverage of the following areas History and Theory of the Multinational Enterprise The Political and Regulatory Environment Strategy and International Management Managing the MNE Area Studies Methodological Issues These state of the art literature reviews will be invaluable references for students in business schools social sciences law and area studies *International Organization and Conference Series* United States. Department of State, 1959 *Directory of Resources for Cultural and Educational Exchanges and International Communication*, 1979 **Yearbook of International Organizations**, 1984-12
