# THE NATURE OF POVERTY

A CASE-HISTORY OF THE LARGEST  
QUARTER-CENTURY AFTER  
WORLD WAR II

# The Nature Of Poverty A Case History Of The First Quarter Century After World War II

**Camilla Rothe**

## **The Nature Of Poverty A Case History Of The First Quarter Century After World War II:**

**The Nature of Poverty** Margaret Haswell,1975    **Many Dimensions of Poverty** N. Kakwani,J. Silber,2008-01-17 With representatives from different disciplines stressing the central importance of freedom in analyzing poverty and emphasizing some important policy issues this book offers a view of poverty that will orient research in directions previously neglected and help those in charge of implementing poverty reduction policies    **Poverty Dynamics** Tony Addison,David Hulme,Ravi Kanbur,2009-01-22 This collection of essays provides a state of the art examination of the concepts and methods that can be used to understand poverty dynamics It does this from an interdisciplinary perspective and includes the work of anthropologists economists sociologists and political scientists The contributions included highlight the need to conceptualise poverty from a multidimensional perspective and promote Q Squared research approaches or those that combine quantitative and qualitative research The first part of the book provides a review of the research on poverty dynamics in developing countries Part two focuses on poverty measurement and assessment and discusses the most recent work of world leading poverty analysts The third part focuses on frameworks for understanding poverty analysis that avoid measurement and instead utilise approaches based on social relations and structural analysis There is widespread consensus that poverty analysis should focus on poverty dynamics and this book shows how this idea can practically be taken forward

**Development Studies, Volume 2** Ed. Robin Ghosh,2008    *Historical Dictionary of The Gambia* David Perfect,2024-09-23 A former British colony The Gambia became independent in 1965 and has had only three presidents since then While The Gambia remained a very poor country under its first prime minister and then president from 1970 Sir Dawda Jawara democratic institutions survived multi party elections were free and fair and the country s human rights record was excellent In contrast there were seriously flawed elections and extensive human rights abuses under first the Armed Forces Provisional Ruling Council and then President Yahya Jammeh Since Adama Barrow became president in 2017 democratic rule and fair elections have been restored although many challenges remain for example the 2020 Constitution has still not been implemented This book examines all aspects of recorded Gambian history from the 15th century when the first European expeditions arrived to the present Historical Dictionary of The Gambia Sixth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about The Gambia    **Q-Squared** Paul Shaffer,2013-07-25 This work is about poverty in the Global South It presents results from a wide range of mixed method or Q Squared Q combined qualitative and quantitative approaches studies conducted in sub Saharan Africa Asia and Latin America about who are poor and why    **The African Poor** John Iliffe,1987-12-25 This history of the poor of Sub Saharan Africa begins in the monasteries of thirteenth century Ethiopia and ends in the South African resettlement sites of the 1980s Its thesis derived

from histories of poverty in Europe is that most very poor Africans have been individuals incapacitated for labour bereft of support and unable to fend for themselves in a land rich economy There has emerged the distinct poverty of those excluded from access to productive resources Natural disaster brought widespread destitution but as a cause of mass mortality it was almost eliminated in the colonial era to return to those areas where drought has been compounded by administrative breakdown Professor Iliffe investigates what it was like to be poor how the poor sought to help themselves how their counterparts in other continents live The poor live as people rather than merely parading as statistics Famines have alerted the world to African poverty but the problem itself is ancient Its prevailing forms will not be understood until those of earlier periods are revealed and trends of change are identified This is a book for all concerned with the future of Africa as well as for students of poverty elsewhere

National Union Catalog ,1973 Includes entries for maps and atlases     Asian Bibliography ,1975     Catalog of the Melville J.
