Regional Visionaries and Metropolitan Boosters Matthew Dalbey, 2002-06-30 Dalbey Jackson State U hypothesizes that US regional parkways of the 1920s and 1930s emerged out of two conflicting visions of regional planning and examines how the conflict impacted the development of Skyline Drive in Virginia and the proposed Green Mountain Parkway in Vermont The regional view he says coalesced around the work of Benton MacKaye Lewis Mumford and the Regional Planning Association of America and the metropolitan view grew out of market oriented economic boosterism efforts and was supported by Thomas Adams and the Regional Plan of New York and its Environs He also shows how the tussle between vision and reality social reform or economic optimization continues to inform planning Annotation copyrighted by Book News Inc Portland OR
