The New Las Vegas:

Super Casino Pete Earley, 2009-11-04 In this lively and probing book award winning author Pete Earley traces the extraordinary evolution of Las Vegas from the gaudy Mecca of the Rat Pack era to one of the country's top family vacation spots. He revisits the city's checkered history of moguls, mobsters, and entertainers, reveals the real stories of well-known power brokers like Steve Wynn and legends like Howard Hughes and Bugsy Siegel, and offers a fascinating portrait of the life, death, and fantastic rebirth of the Las Vegas Strip. Earley also documents the gripping tale of the entrepreneurs behind the rise and fall and rise again of one of the largest gaming corporations in the nation, Circus Circus, to which he was given unique access. In his trademark you-are-there style, he takes us behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city. *The New Las Vegas* Scott Smith, 2001 *The Peoples Of Las Vegas* Jerry L. Simich, Thomas C. Wright, 2005-03-07 Beneath the glitzy surface of the resorts and the seemingly cookie-cutter suburban sprawl of Las Vegas lies a vibrant and diverse ethnic life. People of varied origins make up the population of nearly two million, and yet until now little mention of the city has been made in studies and discussion of ethnicity or immigration. *The Peoples of Las Vegas: One City, Many Faces* fills this void by presenting the work of seventeen scholars of history, political science, sociology, anthropology, law, urban studies, cultural studies, literature, social work, and ethnic studies to provide profiles of thirteen of the city's many ethnic groups. The book's introduction and opening chapters explore the historical and demographic context of these groups as well as analyze the economic and social conditions that make Las Vegas so attractive to recent immigrants. Each group is the subject of the subsequent chapters, outlining migration motivations and processes, economic pursuits, cultural institutions, and means of transmitting culture. Involvement in the broader community, ties to homelands, and recent demographic trends. **The Unofficial Guide to Las Vegas 2010** Bob Sehlinger, 2009-08-18 In 2008 Las Vegas hosted 37.5 million visitors according to the Las Vegas Convention and Visitors Authority. Global Travel Industry News and Forbes Traveler rank Las Vegas as the 2 most popular U.S. destination to visit, calling it America's favorite playground. *The Unofficial Guide to Las Vegas* ranks over 100 hotels and casinos, the most offered by any other guidebook for the destination, providing complete, detailed descriptions of each casino hotel. **Picturing Las Vegas** Linda Chase, 2009 Through colorful photographs and firsthand narrative detail, *Picturing Las Vegas* tells the story of a city whose history mirrors that of America itself: a tale of the frontier of corruption and greed, of beauty and loss, and of ineffable hope. From its hard-scrabble origins to the Golden Age of the Rat Pack to today's mind-blowing theme park casinos, Las Vegas is the city that has it all: Mobsters, Mormons, Elvis, and Wayne Newton. Siegfried and Roy. It's a place where change is the one constant, and where the pursuit of happiness is the only law. In the words of writer Chuck Palahniuk, it's the place that looks the way you'd imagine heaven must look at night. Linda Chase is the author of *Surfing Women of the Waves* and grew up in Las Vegas. She

Latin American Democracy Richard L. Millett,Jennifer S. Holmes,Orlando J. Pérez,2015-03-02 More than thirty years have passed since Latin America began the arduous task of transitioning from military led rule to democracy In this time more countries have moved toward the institutional bases of democracy than at any time in the region's history Nearly all countries have held free competitive elections and most have had peaceful alternations in power between opposing political forces Despite these advances however Latin American countries continue to face serious domestic and international challenges to the consolidation of stable democratic governance The challenges range from weak political institutions corruption legacies of militarism transnational crime and globalization among others In the second edition of *Latin American Democracy* contributors both academics and practitioners North Americans Latin Americans and Spaniards explore and assess the state of democratic consolidation in Latin America by focusing on the specific issues and challenges confronting democratic governance in the region This thoroughly updated revision provides new chapters on the environment decentralization the economy indigenous groups and the role of China in the region

Travels in Paradox Claudio Minca,Tim Oakes,2006-03-30 This innovative volume focuses on tourism through the twin lenses of cultural theory and cultural geography Presenting a set of innovative case studies on tourist destinations around the world the contributors explore the paradoxes of the tourist experience and the implications of these paradoxes for our broader understanding of the problems of modernity and identity The book examines how tourism reveals the paradoxical ways that places are both mobile and rooted real and fake inhabited by those who are simultaneously insiders and outsiders and both subjectively experienced and objectively viewed The concepts of travel and mobility long have been used to explain modern identity and social behavior but this work pushes beyond the established literature by considering the ways that place and mobility are inherently related in unexpected even contradictory ways Travel the international cast of authors contends occurs in place rather than between places Thus instead of offering yet another interpretation of the ways modern societies are distinguished by their mobilities in contrast to the supposed place bound quality of traditional societies the chapters here collectively argue

for an understanding of modern identity as simultaneously grounded and mobile This rich blend of empirical and theoretical analysis will be invaluable for cultural geographers anthropologists and sociologists of tourism The New Republic

The New Las Vegas Introduction

In the digital age, access to information has become easier than ever before. The ability to download The New Las Vegas has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The New Las Vegas has opened up a world of possibilities. Downloading The New Las Vegas provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The New Las Vegas has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The New Las Vegas. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The New Las Vegas. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The New Las Vegas, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable

antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The New Las Vegas has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
