## **The Mystics Of The Church:**

*Mystics of the Church* Evelyn Underhill, 2002-07-08 Evelyn Underhill's classic book on mysticism shows not only the historic development of Christian mysticism and its influence on the Church but gives a deep insight into the spiritual growth of the individual mystics their struggles achievements and influence Covering the whole development of the Christian Church from St Paul to the present century the author illustrates the differing backgrounds and approach of many of the great mystics such as St Augustine of Hippo whose writings helped to create the Church's understanding of its mystical character and St Francis of Assisi whose example proved an inspiration to many The book gives much more than an opportunity to meet the great mystics it also provides a framework for the analysis of true mysticism and false contrasting Catherine of Sienna a girl of the people whose transcendental mysticism benefited many in an age of ecclesiastical degradation with the well born and beautiful Madame Guyon whose excesses brought mysticism into disrepute Evelyn Underhill illuminates the whole of her subject by drawing attention to the differences of approach that can bring mortals along the road to the divine from the zealous militancy of a Loyola to the passivity of the Quietists This absorbing study by one of the great writers on mysticism covers every aspect of the subject and gives a clear understanding of the mystics world in writing that is both informative and stimulating

**The Mystics of the Church** Evelyn Underhill, 2015 Since any real attempt to give an account of the mystics of the church must involve in the end a history of personal religion in its most intense form and its relation to the corporate Christian life it is obvious that such an undertaking would need many years many volumes and much deep knowledge of the human soul This little book can only hint at the richness and variety of the material with which anyone who tries to tell the spiritual history of the Christian Church will have to deal It does not even claim the completeness of a catalogue but selects from among the vast company of mystical saints a few of those whose greatness is most closely connected with their dependence on and contribution to the family life of the household of faith
