Post Black Ytasha L. Womack, 2010-01-01 As a young journalist covering black life at large author Ytasha L Womack was caught unaware when she found herself straddling black culture s rarely acknowledged generation gaps and cultural divides Traditional images show blacks unified culturally politically and socially united by race at venues such as churches and community meetings But in the post black era even though individuals define themselves first as black they do not necessarily define themselves by tradition as much as by personal interests points of view and lifestyle In *Post Black How a New Generation Is Redefining African American Identity* Womack takes a fresh look at dynamics shaping the lives of contemporary African Americans Although grateful to generations that have paved the way many cannot relate to the rhetoric of pundits who speak as ambassadors of black life any more than they see themselves in exaggerated hip hop images Combining interviews opinions of experts and extensive research *Post Black* will open the eyes of some validate the lives of others and provide a realistic picture of the expanding community

New Africa in America Mozella G. Mitchell, 1994 Using the life of one African American family headed by the Reverend Jack Graham as a point of departure this book provides a historical cultural examination of the blend of African and American traditions among Black People in the area surrounding Meridian in east central Mississippi Beginning with a brief history of Meridian its character and make up the work focuses on the religious and social development of African Americans from the period just prior to the Civil War up through the turbulent period of the 1960s and reflects on the current religio social climate

[Introduction to African American Studies](#) Talmadge Anderson, James Benjamin Stewart, 2007 There is an ongoing debate as to whether African American Studies is a discipline or multidisciplinary or interdisciplinary field Some scholars assert that African American Studies use a well defined common approach in examining history politics and the family in the same way as

scholars in the disciplines of economics sociology and political science Other scholars consider African American Studies multidisciplinary a field somewhat comparable to the field of education in which scholars employ a variety of disciplinary lenses be they anthropological psychological historical etc to study the African world experience In this model the boundaries between traditional disciplines are accepted and researches in African American Studies simply conduct discipline based an analysis of particular topics Finally another group of scholars insists that African American Studies is interdisciplinary an enterprise that generates distinctive analyses by combining perspectives from d

Black America John F. Szew, 1970 The twenty three contributors to this volume show that despite racism Black Americans have independently developed their own cultural strengths which can help revitalize and support the Black community The book is divided into four parts 1 The Movement 2 Racial Exclusiveness and Denial the Results 3 Black Culture and 4 Black Action Part I assesses the Civil Rights movement its successes and failures Part II provides new appraisals of old subjects which have undergone considerable change via the Black Revolution Part III proposes new means of viewing the vitality of African American culture Part IV contains a number of polemic discussions and proposals of new strategies for Black community organization and revitalization Adapted from editorial review in ERIC 1970

The Modern American Presidency Lewis L. Gould, 2009 The Modern American Presidency is a lively interpretive synthesis of 20th century leaders filled with intriguing insights into how the presidency has evolved as America rose to prominence on the world stage Gould traces the decline of the party system and the increasing importance of the media resulting in the rise of the president as celebrity 36 photos

The Mind and Mood of Black America S. P. Fullinwider, 1969 This is a study of the history of ideas specifically ideas held by black Americans It is the first intellectual history book to break with the standard interpretation of black thought that has dominated the field since the 1920 s and it is the first study to relate present day protest to the protest thought of the past Essentially this book attempts to get behind the formal ideas to their origins in myth and social necessity it does not attempt to restate the pattern formal ideas of black thought have taken While this study does help to put some of the formal ideas into new perspective the primary purpose of the book is to study myth itself its origin and its influence in structuring the patterns formal ideas have taken Publisher
