Edward Hiscox,2014-02-20 Thirty four years ago 1859 the Baptist Church Directory was published as an ecclesiastical manual for use among Baptists It met with immediate and hearty approval by both pastors and members of the churches and was welcomed at once by a large circulation That such a book is still needed is proven by the fact that after a constant and uninterrupted use for an entire generation it is in as great demand as ever This for a book of the kind is declared by the publishers to be a case altogether phenomenal Since its first issue within its field of denominational literature probably a dozen different books treating of some departments of Baptist Church polity have appeared had a brief run then disappeared The Directory by its general plan method of treatment and exposition of principles has so commended itself to the denomination as to be declared as nearly a standard on the subjects of which it treats as anything short of the New Testament can be About sixty thousand copies have been circulated in this country while it has been translated more or less fully into at least seven different languages by our missionaries in foreign lands for use among the native churches For such signal service rendered to Gospel truth and our distinctive faith the author is devoutly thankful

The Secularization of Baptism Mark G. McKim,2025-01-31 Does God actually do anything in baptism Is it more than just a symbol Most early Baptists would have answered yes Most Baptists today would answer no How and why did this change happen and does it matter Providing thorough documentation of the changing understandings of baptism among American Canadian and English Baptists from the 1600s to the present day The Secularization of Baptism demonstrates that four factors led to the symbolic only position becoming dominant These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today reaction against the Oxford Movement and reaction against the understanding of baptism advocated by the Disciples of Christ Campbellites The now dominant symbolic only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite in effect believers baptism has been secularized A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of mid twentieth and twenty first century Baptists such as H Wheeler Robinson George Beasley Murray Stanley K Fowler and Anthony R Cross
