The Speaking of Poetry. (Second Edition.). Wallace Bertram NICHOLS, 1949 **The Speaking of Poetry** Wallace Bertram Nichols, 1937 *Sound Ideas* B. Eugene McCarthy, Fran Quinn, 2013 Hearing and speaking are essential to making poems live Poems are a physical experience This book explains how to find your way to the heart of a poem by taking it off the page The authors have taught poetry successfully with this method for many years and now they share it beyond their own classrooms Taking poems off the page a teacher and a poet share their years of experience making poetry live Hard to believe that anyone serious about poetry either student or teacher wouldn't want to own this book Reading *Sound Ideas* is like being in a class with the best poet and teacher of your life McCarthy and Quinn are those poet teachers each having fallen in love with poetry each having given over their lives to its beauty and power And this book is that classroom one which comes alive with force and pleasure with their shared belief that poetry itself comes truly alive when one speaks and hears it when it enters the consciousness through that breath and release when it has the power to change lives This book offers something new and necessary in the study of poetry John Hogden Poetry weds the body to the soul and *Sound Ideas* is a superb introduction to the manifold ways in which poets touch us to the core of our being This should be required reading for anyone interested in poetry particularly for those who hope to make poems themselves A brilliant book Christopher Merrill **Outspoken!** Sara Holbrook, Michael Salinger, 2006 In *Outspoken* poet educators Sara Holbrook and Michael Salinger take you through the process of developing implementing and assessing poetry performance and beyond Beginning with ideas for encouraging even the most reluctant students to speak clearly and write from the heart this handbook uses familiar workshop structures to guide young poets toward vibrant completed pieces and an exciting dynamic delivery
