The Ancient World , 2007 *Themes, Character, and Politics in Plutarch's Life of Lucullus* Manuel Tröster, 2008 The modern image of the Roman aristocrat L Licinius Lucullus cos 74 B C is to a large extent the creation of the Greek biographer Plutarch whose narrative is structured around a number of themes and leitmotifs the protagonist s association with Hellenic culture his luxurious lifestyle and various issues related to his r le as a political and military leader In all of these fields the depiction of Lucullus is conditioned not only by Plutarch s interests and emphases but also by the nature of the sources at his disposal Owing to Plutarch s biographical technique and due to the bias of the contrasting traditions underlying his account the protagonist s actions are frequently decontextualised from their

contemporary setting Lucullus emerges from this book as an ambitious noble operating within the highly competitive system of Republican politics and seeking to accumulate and to display power and prestige *The Unity of Plutarch's Work* Αναστάσιος Γ Νικολαΐδης, 2008 The contributions to this volume inquire into many important issues of Plutarchean scholarship the conditions under which Plutarch's writings were split into two distinct corpora his methods of work and the various authorial techniques employed the interplay between Lives and Moralia Plutarch and politics Plutarch and philosophy literary aspects of Plutarch's oeuvre Plutarch on women Plutarch in his epistemological and socio-historical context The contributors offer insights that throw new light on Plutarch's personality and illustrate the unity of his varied literary production **Collection Latomus**, 2016 Book Review Index, 2006 Every 3rd issue is a quarterly cumulation

Alexander & His Successors Pat Wheatley, Robert Hannah, 2009 The City of Corinth and Urbanism in Late Antique Greece Amelia Robertson Brown, 2008 Selling the Tudor Monarchy Kevin M. Sharpe, 2009 Reveals how from even before the Reformation the Tudors sought to sustain and enhance their authority by representing themselves to their people through the media of building print art material culture and speech **Cicero, Philippics 3-9** Marcus Tullius Cicero, 2007 The two volume edition provides the first comprehensive scholarly commentary on seven central orations from the corpus of Cicero's Philippics These orations against Mark Antony are an important testimony to the critical final phase of the Roman Republic The notes on each speech explain linguistic literary and historical issues vol 2 They are based on a revised Latin text with facing English translation as well as a detailed introduction dealing with problems relevant to the whole corpus vol 1

Rome and Judea in Transition Chris Seeman, 2013 Rome and Judea in Transition is the first English language book to study exclusively the first century and a half of Roman Judean political relations 164-37 B C It presents a comprehensive reassessment of the Late Republic's involvement in the Levant the motives of Hasmonean diplomacy and the development of the Jewish high priesthood Therefore it is of interest to classicists ancient historians biblical scholars and students of Judaica alike Previous studies have often mischaracterized this period as a consistent unfolding of Rome's hegemonic will at Jewish expense By contrast this book argues that the Republic harbored no imperial designs on Judea prior to Pompey's opportunistic intervention in 63 B C and that Rome's subsequent intermittent meddling in the region's governance did not significantly alter the dynamics of the Hasmonean state Only with the Parthian invasion of Syria in 40 B C and because of it did the Republic unilaterally reshape Judean politics by its elevation of Herod the Great as King of the Jews Judea's alliance with Rome began in the context of Judas Maccabeus' revolt against Seleucid rule Scholars have therefore understandably assumed that the primary hope of Judas' successors was that Roman recognition would secure and extend Judean sovereignty This book argues that the main motive for Hasmonean diplomacy was domestic to advertise the legitimacy of the Maccabees against their Jewish rivals For this reason the documentary record of relations with the Republic is of great value for studying the ideology and institutional growth of high priestly power during this period **2009**, 2010-06-15 Reviews are an

important aspect of scholarly discussion because they help filter out which works are relevant in the yearly flood of publications and are thus influential in determining how a work is received The IBR published again since 1971 as an interdisciplinary international bibliography of reviews it is a unique source of bibliographical information The database contains entries on over 1 2 million book reviews of literature dealing primarily with the humanities and social sciences published in 6 820 mainly European scholarly journals Reviews of more than 560 000 scholarly works are listed The database increases every year by 60 000 entries Every entry contains the following information On the work reviewed author title On the review reviewer periodical year edition page ISSN language subject area in German English Italian Publisher address of journal
