I Said a Prayer Mark Xandrine Sneed, 2006-08 *I SAID A PRAYER* is the story of a young African American woman s battle with her own demons and her experience in the South and in the North *I SAID A PRAYER* is also the inspirational journey of a single mother s life and the young woman s direction and rededication to her love as her precocious child tries to understand his seemingly unfathomable differences at eight It is a tale of modern life *Abiding Grace* Mark C. Taylor, 2018-10-02 Post war post industrialism post religion post truth post biological post human post modern What succeeds the post age Mark C Taylor returns here to some of his central philosophical preoccupations and asks What comes after the end *Abiding Grace* navigates the competing Hegelian and Kierkegaardian trajectories born out of the Reformation and finds Taylor arguing from spaces in between showing how both narratives have shaped recent philosophy and culture For Hegel Luther s internalization of faith anticipated the modern principle of autonomy which reached its fullest expression in speculative philosophy The closure of the Hegelian system still endures in the twenty first century in consumer society financial capitalism and virtual culture For Kierkegaard by contrast Luther s God remains radically transcendent while finite human beings and their world remain fully dependent From this insight Heidegger and Derrida developed an alternative view of time in which a radically open future breaks into the present to transform the past demonstrating that far from autonomous life is a gift from an Other that can never be known Offering an alternative genealogy of deconstruction that traces its pedigree back to readings of Paul by way of Luther *Abiding Grace* presents a thoroughgoing critique of modernity and postmodernity s will to power and mastery In this new philosophical and theological vision history is not over
