Speak Hands:

Speak, Hands Lillian Moats, 2016-03-27 *Speak Hands* is a meditation on memory and the unconscious which employs innovative narrative techniques to transport us into the wordless realms of meditation and gesture This daring new literary work defies the conventions of memoir by questioning the very nature of memory and the traditional autonomous subject Lillian Moats negotiates this complex narrative using four inner voices which challenge the distinctions between mind and body subject and object consciousness and the unconscious *Speak Hands* breaks through verbal bounds to transport us into the wordless realms of meditation and gesture Combining prose poetry psychology and philosophy Moats conveys an extraordinary personal struggle that could not have been told with common literary devices *Volunteering: Hearts That Speak, Hands That Listen* Fabricio Sales Silva, In a world where chaos and indifference often steal the headlines a work emerges that goes beyond the conventional offering a glimpse of a possible and luminous future *Volunteering Hearts That Speak Hands That Listen* is an extraordinary mosaic of stories data and reflections that challenges each of us to reconsider not only our worldview but also our place within it Have you ever wondered what is the real driving force behind a genuine selfless action Or have you ever wondered how a life can be irrevocably transformed by a simple act of kindness This book is a mirror that reflects the transcendent power of humanity showing that each of us has the potential to be both a catalyst for change and an agent of love If you seek something more something that transcends the ordinary and touches the extraordinary that lives in every human heart then this book is for you Open your pages Discover the world beyond your own reflection And prepare for a transformation that begins within you but certainly won't end there *Voice, speech and gesture*, by H.
