in Hawaii Illinois and Nebraska predate the current agitation The official language laws in ten of the states are wholly symbolic but in the remaining eight they go beyond symbolism to stipulate some kind of enforcement Four states have passed English Plus laws New Mexico Oregon Rhode Island and Washington In addition some major cities Atlanta Cleveland Dallas San Antonio Tucson and Washington D C have also adopted English Plus laws or resolutions Tatalovich hypothesized five possible motivations for the official English movement race hostility of the majority toward a minority ethnicity conflict between minori ties class reaction by lower socioeconomic groups politics partisan or ideological backlash and culture anti foreign sentiment His analysis is based on an eclectic range of sources from historical documents legal records and court decisions to news accounts and interviews In many southern states where the issue has recently assumed prominence he found that support for the initiative is identified as a residue of nativism Tatalovich empirically shows linkage between support today for official English and opposition in the South to immigration in the 1920s This study not only is definitive but also is a dispassionate analysis of an issue that seems destined to become even more controversial in the next few years It makes a notable contribution to the current debate over multiculturalism and will be of special interest to sociologists historians of contemporary social history linguists legal scholars and political scientists who study public policy minority politics and comparative state politics *I Don't Speak English--but I Understand You* Jane McGovern,1988 **Speak**
