Speaking On Issues:

Language Policy and Language Issues in the Successor States of the Former USSR Sue Wright, 2000 This book looks at the question of language rights the rights of minorities to remain monolingual if they so wish and the rights of governments to promote the language of the majority as the language of the state The central question is once again the thorny problem of whether linguistic rights are fundamental human rights and therefore inalienable and individual or whether they are group rights since communication necessarily involves more than one individual The context of this discussion is the situation of the Russian speakers in Latvia and Kyrgyzstan

Language Issues Wesley Hutchinson, Clíona Ní Ríordáin, 2010 This book emerged out of contributions to a bilingual conference that was organised at the Institut du Monde Anglophone and the Bibliothèque Sainte Barbe in Paris on December 5 and 6 2008 The conference was entitled Indigenous Minority Languages in Ireland A Comparative Perspective translated into French as Les langues regionales et minoritaires en Irlande Perspectives croisées
