aim of this book is to furnish the little learner reading matter that will excite his attention and give him pleasure and thus make lighter the difficult task of learning to read The ruggedness of this task has often been increased by the use of disconnected sentences or lessons as dry and uninteresting as finger exercises on the piano It is a sign of promise that the demand for reading matter of interest to the child has come from teachers I have endeavored to meet this requirement in the following stories As far as possible the words chosen have been such as are not difficult to the little reader either from their length or their unfamiliarity The sentences and paragraphs are short Learning to read is like climbing a steep hill and it is a great relief to the panting child to find frequent breathing places It is one of the purposes of these stories to make the mind of the pupil familiar with some of the leading figures in the history of our country by means of personal anecdote Some of the stories are those that every American child ought to know because they have become a kind of national folklore Such for example are Putnam and the Wolf and the story of Franklin s Whistle About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Stories of Great Americans for Little Americans Edward Eggleston,2019-11-20 In Stories of Great Americans for Little Americans
