[Reading Food in Modern Japanese Literature](#) Tomoko Aoyama, 2008-09-30 Literature like food is in Terry Eagleton's words endlessly interpretable and food like literature looks like an object but is actually a relationship So how much do we and should we read into the way food is represented in literature Reading Food explores this and other questions in an unusual and fascinating tour of twentieth century Japanese literature Tomoko Aoyama analyzes a wide range of diverse writings that focus on food eating and cooking and considers how factors such as industrialization urbanization nationalism and gender construction have affected people's relationships to food nature and culture and to each other The examples she offers are taken from novels shosetsu and other literary texts and include well known writers such as Tanizaki Jun'ichiro Hayashi Fumiko Okamoto Kanoko Kaiko Takeshi and Yoshimoto Banana as well as those who are less widely known Murai Gensai Nagatsuka Takashi Sumii Sue and Numa Shozo Food is everywhere in Japanese literature and early chapters illustrate historical changes and variations in the treatment of food and eating Examples are drawn from Meiji literary diaries children's stories peasant and proletarian literature and women's writing before and after World War II The author then turns to the theme of cannibalism

in serious and popular novels Key issues include ethical questions about survival colonization and cultural identity The quest for gastronomic gratification is a dominant theme in gourmet novels Like cannibalism the gastronomic journey as a literary theme is deeply implicated with cultural identity The final chapter deals specifically with contemporary novels by women some of which celebrate the inclusiveness of eating and writing while others grapple with the fear of eating Such dread or disgust can be seen as a warning against what the complacent gourmet boom of the 1980s and 1990s concealed the dangers of a market economy environmental destruction and continuing gender biases Reading Food in Modern Japanese Literature will tempt any reader with an interest in food literature and culture Moreover it provides appetizing hints for further savoring digesting and incorporating textual food

*World Outlook* ,1917 Glimpses of Medieval Bihar Economy Jagadish Narayan Sarkar,1978 Japanese Culture H. Paul Varley,1977 Householders Steven D. Carter,2007 As direct descendants of the great courtier poets Fujiwara no Shunzei 1114 1204 and his son Teika 1162 1244 the heirs of the noble Reizei house can claim an unbroken literary lineage that spans over eight hundred years During all that time their primary goal has been to sustain the poetic enterprise or michi way of the house and to safeguard its literary assets Steven D Carter weaves together strands of family history literary criticism and historical research into a coherent narrative about the evolution of the Reizei Way What emerges from this innovative approach is an elegant portrait of the Reizei poets as participants in a collective institution devoted more to the continuity of family poetic practices and ideals than to the concept of individual expression that is so central to more modern poetic culture In addition to the narrative chapters the book also features an extensive appendix of one hundred poems from over the centuries by poets who were affiliated with the Reizei house Carter s annotations provide essential critical context for this selection of poems and his deft translations underscore the rich contributions of the Reizei family and their many disciples to the Japanese poetic tradition
