Tantra For Westerners:

Tantra for Westerners King,Francis X. King,2013-03 While Tantra has mystical philosophical and religious aspects it is above all a technique of action a system of physical mental and spiritual discipline incorporating meditation yoga and sacramental worship in the widest sense of the phrase Tantra for Westerners is a complete theoretical and practical guide to the Way of Action covering concepts of pleasure and pain power and passivity esoteric physiology Tantra and Qabalam right hand and left hand Tantra tantric rituals for westerners and the arousal of kundalini the serpent power The Psychology of Buddhist Tantra Rob Preece,2006-11-08 This book masterfully clarifies the nature of tantric practice In contrast to the approaches of conventional religion tantra does not attempt to soothe the turmoil of existence with consoling promises of heaven and salvation The tantric practitioner chooses to confront the bewildering and chaotic forces of fear aggression desire and pride and to work with them in such a way that they are channeled into creative expression loving relationships and wisely engaged forms of life In order to make the processes of tantra psychologically intelligible for a contemporary reader Rob Preece makes judicious use of the work of modern psychotherapy forging a compelling link between a Western tradition that hearkens back to the alchemical traditions of our own past and the comparably alchemical strategies of Tibetan Buddhist tantric practices In keeping with the pragmatic and therapeutic aims of both psychotherapy and Buddhist meditation The Psychology of Buddhist Tantra never loses sight of the central importance of applying these ideas to the concrete realities of day to day life By illuminating the richly symbolic language of tantra through the intermediate language of psychology The Psychology of Buddhist Tantra points to the transformative nature of tantric practices

Tantra: The Way of Action Francis King,1990-04 Tantra The Way of Action provides a complete guide to the Tantric path of liberation Topics include esoteric physiology Qabalam right and left hand Tantra and arousal of the Kundalini serpent power Following the spirit rather than the letter of the traditions Francis King maintains that Tantric techniques are universal processes adaptable to Western culture and lifestyle
