Taoism a Chinese religious philosophy It is also known as the Daodejing Dao De Jing Daode Jing or simply as the Laozi Tao Te Ching is the romanization of the title which dates back to the late 19th century AD when English transliterations first appeared The date of original publication is still unknown but the oldest part can be traced back to the latter portion of the 4th century BC However modern experts believe it was written or put together after the Zhuangzi the other seminal text of Daoism which was published in the 3rd century BC There are several different translations of the title but the most common is as follows Dao or Tao means way but is most often used to mean the way as in the fundamental force driving the universe De has several meanings including perhaps most relevantly virtue Jing in this context means something like canon or great book So the full title can be understood to mean The Book of the Way of Virtue The book comprises 81 chapters today but there is evidence that chapter division was a later development for the book If this is the case then the original text had a much more free flowing style As it stands now the book is poetic in form with allowances for broad interpretation of the text It is written with an interesting rhetorical style it features bold declarative statements that are immediately confronted with statements that seem to contradict them Some experts believe that the purpose of this style is to get the reader thinking to reconcile these contradictions

Tao Te Ching Laozi,2009 Ursula K Le Guin a student of the Tao Te Ching for more than fifty years offers her own thoughtful rendering of the Taoist scripture She has consulted the literal translations and worked with the scholar J P Seaton to develop a version that lets the ancient text speak in a fresh way to modern people while remaining faithful to the original Chinese This rendition reveals the Tao Te Ching s immediate relevance and power its depth and refreshing humor illustrating better than ever before why it has been so loved for more than 2 500 years Included are Le Guin s own personal commentary and notes along with two audio CDs of the text read by the author with original music composed and performed by Todd Barton Publisher s website **Lao Tzu** Tzu Lao,2019 [Tao Te Ching](#) Lao Tzu,2018-12-04 The original mindfulness book in a landmark new translation by the award winning translator of the I Ching and The Art of War The most translated book in the world after the Bible the Tao Te Ching or Book of the Tao is a guide to cultivating a life of peace serenity and compassion Through aphorisms and parable it leads readers toward the Tao or the Way harmony with the life force of the universe Traditionally attributed to Lao tzu a Chinese philosopher thought to have been a contemporary of Confucius it is the essential text of Taoism one of the three major religions of ancient China As one of the world s great works of wisdom literature it still has much to teach us today offering a practical model based on modesty and self restraint for living a balanced existence and for opening your mind freeing your thoughts and attaining greater self awareness With its emphasis on calm simplicity purity and non action it provides a time tested refuge from the busyness of modern life This new translation seeks to understand the Tao Te Ching as a guide to everyday living and encourages a slow meditative reading experience The Tao Te Ching s eighty one brief chapters are accompanied by illuminating commentary interpretation poems and testimonials by the likes of Margaret Mead Ursula K Le Guin and Dr Wayne W Dyer Specially
