Tarot For Your Self:

Tarot for Your Self Mary K. Greer, 2002-01-01 A classic guide on how to master a Tarot reading that combines self teaching techniques with personal insight provides revised interpretations for the Minor arcana as well as coverage of topics ranging from crystals and astrology to numerology and occult metaphysics **Tarot for Your Self** Mary K.

Greer, 2019-09-01 The tarot classic that first promoted the practice of reading the cards not just for others but for one's own personal insight and self transformation Tarot for Your Self was groundbreaking when this book was first published and is still radically significant today. Benebell Wen author of Holistic Tarot Deciding to work with the Tarot is like embarking on a long inward journey. Mary K. Greer This tarot classic by Mary K. Greer was the first book to promote reading the cards for your own insight revolutionizing tarot through a combined emphasis on self teaching techniques and personal growth. Tarot for Your Self uses meditations rituals spreads mandalas visualizations dialogues charts affirmations and other activities to help you establish your own relationship with the cards. All the information is presented using the best in traditional knowledge and know how. This powerful breakthrough process will turn all your readings into truly transformative experiences. Tarot for Your Self covers interpretations for the major and minor arcana reversed card meanings for all 78 cards and enlightening information on your shadow teacher cards **Tarot - Your Everyday Guide** Janina Renee, 2000 Every day you make choices. Some are big, some are small, but all will affect the course of your future. The good news is that you don't have to do it alone. The tarot can give you advice when you need it most. Reading the tarot for advice requires a different approach than reading for prediction. Tarot Your Everyday Guide presents a new method of tarot interpretation. You'll learn how to use the tarot to help you make an informed decision and determine a course of action for just about any life situation. For example, in an advice reading, the Two of Wands could mean you should set up your own challenges to work out goals, define issues and work out compromises. If the King of Cups comes up in an advice reading, it means you must give encouragement, acknowledge the accomplishments of others, give rewards and let others enjoy the limelight. Alternatively, it could mean you need to seek a mentor who has these qualities. The position of a given card within a spread and the cards before and after it will clarify the cards' advice for you. You can even use advice readings to augment traditional divination. If a divinatory spread shows trouble ahead, consult the cards for advice on how to avoid the situation or lessen its impact. Whether you're an experienced tarot reader or have never even shuffled the cards before, this unique and practical book will open new doors of understanding and help you integrate the rich symbolism of the tarot into your daily life.
