By the standards of the literature quoted by David Heston, Nationalized Supervising Agencies (Nationalized Workers) stand out as a different kind of challenge. The fact is that Heston's research is a fairly simple exercise: what does a given country's economic growth mean? Working with the relevant data and other inputs, he has found a correlation with the level of government spending. But government spending has little to do with the growth of the economy, he says. "Government's role in economic growth is minimal, at best," he says.
