Talks From The Heart Volume 1:

Talks, Volume 1 Swami Paramatmananda Puri, Amma, Sri Mata Amritanandamayi Devi, 2014-11-09 Since 1968 Swami Paramatmananda Puri has lived the life of a renunciate in India. Moving there at the age of nineteen, it has been his good fortune to have kept the company of many saints and sages over the years, culminating in his meeting with his guru, Mata Amritanandamayi Amma. In 1979, as one of her senior disciples, he was eventually asked to return to the U.S. to serve as head of the first ashram in the West and was so from 1990 to 2001. Many of the residents and visitors to the center have shared that one of the high points in programs were Swami's talks with wit and humor. He has synthesized East and West and created a forum for spiritual learning. Contents: Stories of Saints, Faith in Mother, Developing Will Power, Christmas and the Mystic Christ, Detachment Bhajan, As Sadhana, Food and Sadhana. Published by the disciples of Mata Amritanandamayi Devi. Affectionately known as Mother or Amma, the Hugging Saint. Talking with Patients, Volume 1 Eric J. Cassell, 1985-03-27 Spoken language is the most important diagnostic and therapeutic tool in medicine and according to Dr. Cassell, we must be as precise with it as a surgeon with a scalpel. In these two volumes, he analyzes doctor-patient communication and shows how doctors can use language for the maximum benefit of their patients. Throughout, Dr. Cassell stresses that patients are complex, changing psychological, social, and physical beings whose illnesses are well represented by their own communication. He proposes that both listening and speaking are arts that can be learned best when they are based on the way that spoken language functions in medicine. Accordingly, Volume I focuses on the workings of spoken language in the clinical setting. It analyzes such important aspects of speech as paralinguistic non-word phenomenon like pause, pitch, and speech rate; how patients describe themselves and their illnesses; the logic of conversation; and the levels of meanings of words. Volume II is a practical, detailed how-to guide that demonstrates the process of history taking and how the doctor can learn the most from the information that the patient has to offer. His arguments are amply illustrated in both volumes by transcripts of real interactions between patients and their doctors. SPEAKING HEART, VOL II ~ LANGUAGE OF LOVE HELEN SARITA, 2017-10-06 The writings of Helen Sarita speak to us from a heart as beautiful as her. In her writings, she composes love of family, God, faith, her children, friends, nature, emotions, love, itself, loss, things in life that are important to us as human beings. Helen touches us in those special places that resonate with our senses and our soul, which makes her body of work memorable, unforgettable. We feel and laugh, admire and cry with HER. May Helen Sarita's second book of poetry, SPEAKING HEART VOL II LANGUAGE OF LOVE speak to YOU. Deborah Brooks Langford and Susan Joyner Stumpf of WILDFIRE PUBLICATIONS LLC.
