consequences of this relationship with Tamerlane Left alone to live within a stable empire the Jews prospered under Tamerlane In founding an empire Tamerlane had delivered Central Asia from the last Mongols and brought the nations of Transoxonia within the orbit of Persian civilisation The Central Asian Jews accepted this spirit and preserved it until modern times in their language and culture The Commentaries of D. The Mongol Empire It has the rare merit of being both scholarly and exciting The entire world comes on to his canvas romantic and fantastical persons pass in our view and at the conclusion we realize that we have seen the whole of what Marco Polo saw only in part while The Observer commented it is a fine book full of dramatic occasion well used clear in proportions

The History of Jihad Robert Spencer,2018 It is taken for granted even among many Washington policymakers that Islam is a fundamentally peaceful religion and that Islamic jihad terrorism is something relatively new a product of the economic and political ferment of the twentieth century But in The History of Jihad From Muhammad to ISIS Islamic scholar Robert Spencer proves definitively that Islamic terror is as old as Islam itself as old as Muhammad the prophet of Islam who said I have been made victorious through terror Spencer briskly traces the 1 400 year war of Islamic jihadis against the rest of the world detailing the jihad against Europe including the 700 year struggle to conquer Constantinople the jihad in Spain where non Muslims fought for another 700 years to get the jihadi invaders out of the country and the jihad against India where Muslim warriors and conquerors wrought unparalleled and unfathomable devastation in the name of their religion Told in great part in the words of contemporary chroniclers themselves both Muslim and non Muslim The History of Jihad shows that jihad warfare has been a constant of Islam from its very beginnings and present day jihad terrorism proceeds along exactly the same ideological and theological foundations as did the great Islamic warrior states and jihad commanders of the past The History of Jihad From Muhammad to ISIS is the first one volume history of jihad in the English language and the first book to tell the whole truth about Islam s bloody history in an age when Islamic jihadis are more assertive in Western countries than they have been for centuries This book is indispensable to understanding the geopolitical situation of the twenty first century and ultimately to formulating strategies to reform Islam and defeat radical terror
