The End of the Myth Greg Grandin, 2019-03-05 WINNER OF THE PULITZER PRIZE A new and eye opening interpretation of the meaning of the frontier from early westward expansion to Trump's border wall Ever since this nation's inception the idea of an open and ever expanding frontier has been central to American identity Symbolizing a future of endless promise it was the foundation of the United States belief in itself as an exceptional nation democratic individualistic forward looking Today though America has a new symbol the border wall In **The End of the Myth** acclaimed historian Greg Grandin explores the meaning of the frontier throughout the full sweep of U S history from the American Revolution to the War of 1898 the New Deal to the election of 2016 For centuries he shows America's constant expansion fighting wars and opening markets served as a gate of escape helping to deflect domestic political and economic conflicts outward But this deflection meant that the country's problems from racism to inequality were

never confronted directly And now the combined catastrophe of the 2008 financial meltdown and our unwinnable wars in the Middle East have slammed this gate shut bringing political passions that had long been directed elsewhere back home It is this new reality Grandin says that explains the rise of reactionary populism and racist nationalism the extreme anger and polarization that catapulted Trump to the presidency The border wall may or may not be built but it will survive as a rallying point an allegorical tombstone marking the end of American exceptionalism *Hidden Pieces* Paula Stokes,2018-08-28 A small town A big secret A deadly game From the author of *Liars Inc* comes a dark contemporary thriller with twists and turns that are perfect for fans of *We Were Liars* *Little Monsters* and *One of Us Is Lying* Embry Woods has secrets Some are small like the ones about her complicated past Others are bigger like her growing feelings for best friend s ex boyfriend Holden But the biggest secret she carries is about what they did at the abandoned Sea Cliff Inn and the resulting terrible fire Embry helps a homeless man escape from the flames and is immediately hailed as a hero but she knows that couldn t be further from the truth Though she s wracked with guilt Embry thinks she can take one last secret to her grave But then she receives an anonymous note someone else was there that night Now she must respond to a series of threatening messages asking her to make impossible choices Someone is playing a high stakes game with her life And their last move is murder *George Harrington* David Macrae,1870 *The Secret of Zoone* Lee Edward Fodi,2019-03-05 Welcome to Zoone crossroads of the multiverse In this inventive fantasy fans of Diana Wynne Jones and Lisa McMann will step through an enchanted doorway and into a world filled with infinite portals to new and sometimes perilous lands When a bright blue winged tiger appears on his aunt s sofa Ozzie can tell he s in for an adventure He s thrilled to follow Tug a skyger through a secret door in the basement and into Zoone the bustling Grand Central Station of the universe where a thousand doors act as portals to strange and wonderful worlds But some doors also hide dangers and when the portal back to Earth explodes behind him Ozzie gets more adventure than he bargained for In a station full of wizards creepy crawlies and the occasional cursed princess Ozzie has to find a way to repair his door and possibly save the multiverse in the process Brimming with colorful characters magical mayhem and endless adventure this new tween series has a doorway for every reader just be sure to close the door behind you *Tarnish* Emery Bemsley Pottle,1924 **Doctor Izard** Anna Katharine Green,1895 *Young mr. supernormal it is a daring feat of the imagination that probes the ultimate meaning of time reality and purpose 1996 *The Gatekeepers* Michael C. LeMay, 1989-02-17 *The Gatekeepers* examines the politics and policy of immigration in six countries the United States Australia Great Britain Germany Israel and Venezuela Each chapter is authored by a noted specialist who analyzes his or her country's experience by focusing upon how social and economic trends over time have helped to shape and explain national immigration policies This unique comparative politics approach to the subject offers students of public policy and comparative government important new insights into the policy process in general and the dynamics of immigration politics in particular The countries included in the study vary considerably in their fundamental approach to the question of immigration Some have relied upon a guestworker approach others have developed policies aimed at permanent settlement Some have formulated religious based policies while others have attempted to recruit foreign labor And as the contributors demonstrate each of the countries has experienced international migration on a scale which was largely unforeseen and for which they were poorly prepared Many too have evidenced profound shifts in immigration policy over time The contributors fully address all of these issues offering a wealth of information about the similarities and differences in national immigration policies and the dramatic social economic and political impact of shifts in these policies **The Problem of Immigration** Steven Anzovin, 1985 Various aspects of our immigration policies are presented and their impact on social and economic life
