**Sociology of Modernization** Gino Germani,1981-01-01 This work places in historical and theoretical contexts the work Germani in the area of modernization especially as it relates to Latin America Germani views modernization as the touchstone of the twentieth century His notion of modernization has to do with how a society can harness technology for distinctly political ends and link science to distinctly economic ends **The Sociology and Politics of Development**

Baidya Nath Varma,2010-11-26 Originally published in 1980 this work answers the crucial question of how social change should be guided in the developing countries Professor Varma begins by posing the problems of the general scope of modernization and the general criteria used in the modernization process He examines carefully some of the models that have been used for this purpose in the past providing extensive summaries of the views on modernization of theorists in various social science disciplines including sociology politics economics and anthropology and stresses the importance of these views in guiding policy decisions The book concludes with a comparison of the development processes of the United States the Soviet Union China Japan and India **Modernization Science** Chuanqi He,2012-02-18 Depending on their national level of income development and modernization all countries in the world can be generally categorized as either advanced or developing Studies on why advanced countries continue to develop how they maintain their level of development and how developing countries enter into the advanced club fall into the field of modernization science which is an emerging interdisciplinary science This monograph the first English book available on modernization science interprets its concepts methodologies general theories first and second modernization six level specific six field specific and three sector specific modernizations modernization policy and evaluation and the principles and methods of national development since the 18th century It provides clear systematic up to date information on this new discipline with more than 173 figures and 265 tables and covers 131 countries and 97% of the global population A comprehensive outlook on world modernization is presented from a Chinese perspective **Global Modernization** Alberto Martinelli,2005-05-26 The last decade has witnessed a revival of interest in the problems of modernity and modernization In particular three major processes have emerged as objects of debate The transformations of capitalism manifested in globalization and the unfolding of post industrial society The rapid and strong economic development of countries outside the West The political and economic transformations in the post Soviet countries of Eastern Europe

**From Modernization to Modes of Production** John G. Taylor,1979-09-05

Presents speeches by various African American religious and political leaders from the days of slavery to the present along with biographical information and historical background      *Construction Of Democracy, The: China's Theory, Strategy And Agenda* Shangli Lin, 2021-02-05 The book expounds on the role played by democracy in China's revolution and modernization led by the Communist Party of China CPC and how the CPC in both its party building and state building has constantly sought to leverage democracy's positive functions while avoiding its shortcomings Special attention is paid to reconstructing and explaining the historical contexts from which the Party's theoretical innovations have emerged thus offering readers insights into the inner political logic that has shaped China's development The author a member of the Party's senior policy panel offers a perceptive analysis of the modernization of the country and its governing capacity and provides a clear assessment of how democracy in China has developed with the times Always bearing the big picture in mind the author has not shied away from some of the more controversial parts of China's recent history and his deep understanding of relevant Party documents and historical facts give strong support to his analyses He concludes that that the Party is central to leading the nation to explore its path of socialism with Chinese characteristics and that the country has always emerged stronger after setbacks      **Technological Growth and Social Change** Stanley A. Hetzler, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informal company      *Social Change and Development* Alvin Y. So, 1990-03 During the past four decades the field of development has been dominated by three schools of research The 1950s saw the modernization school the 1960s experienced the dependency school the 1970s developed the new world system school and the 1980s is a convergence of all three schools Alvin Y So examines the dynamic nature of these schools of development what each of them represents their contributions how they have criticized each other how they have defended themselves and how they were transformed He reviews a variety of empirical studies focusing on the classical and the new models to show how each of the perspectives affects the study of development In addition this book features a unique emphasis on the research implications of the three perspectives involving changes in orientation agenda methodology and findings      *Comparative Sociology and Social Theory* Graham Crow, 1997-06-09 Recent developments have made obsolete the division of the globe into three worlds of capitalist state socialist and underdeveloped countries This book traces the interconnectedness of the disorganisation of capitalism in the industrialised west the transformation of former state socialist societies and the divergent fortunes of third world countries It argues that comparative sociology continues to have relevance in the age of globalisation and provides a framework within which these developments can be placed in their proper perspective      *From Modernization to Globalization* J. Timmons Roberts, 2000-01 Arranged into four main parts the book begins by selecting readings from classical theorists in order to review formative ideas on the transition to modern society It then moves on to address at length the modernizationists discussion of how development changes people and the response from dependency and world system theorists A final section assembles eight of the most influential writings on the social effects of globalization Jacket

Modernization and Cleavage in Dutch Society Erik H. Bax, 1990

**Sociology of Development** Sheobahal Singh, 2010

The term development originally referred only to economic growth. Later it passed through paradigmatic shifts to assume an inclusive conceptual status into which merged the processes of development in economic, social and political aspects of society. The characteristics of development are akin to those of modernization. Both determine each other. A society would not proceed on the path of development unless it adopts what are considered as modern values. Today the planning for development is concerned not only with augmenting quality production but also ensuring sustainability of development. Sociology of development is the field of study which tends to understand the interface of society and economy. This book explores how both cultural structural development and economic development influence each other in India. Apart from the concept and paradigms of development, important Indian issues are discussed, including the theories of development and underdevelopment, paths and agencies of development, structure, culture and development, urbanization and development, technology and development, economic reforms in India, globalization, entrepreneurship and modernization.

Tradition, Change, and Modernity S. N. Eisenstadt, 1973-11-02

**Directions Of Change & Modernization Theory, Research, And Realities** Mustafa O Attir, 2019-04-11

After a period of relative confidence about the future of modernizing societies, scholars are now questioning with renewed urgency the directions of the modernization trend. This book, the result of nearly a decade of collaborative efforts by scholars in twelve countries, examines the modernization process with particular attention to how it is aff.

Political Ecology Karl S. Zimmerer, Thomas J. Bassett, 2012-06-15

This volume offers a unique integrative perspective on the political and ecological processes shaping landscapes and resource use across the global North and South. Twelve carefully selected case studies demonstrate how contemporary geographical theories and methods can contribute to understanding key environment and development issues and working toward effective policies. Topics addressed include water and biodiversity, resources, urban and national resource planning, scientific concepts of resource management and ideas of nature and conservation in the context of globalization. Giving particular attention to evolving conceptions of nature, society, interaction and geographical scale, an introduction and conclusion by the editors provide a clear analytical focus for the volume and summarize important developments and debates in the field.

*Korean Modernization and Uneven Development* Kim Kyong-Dong, 2017-05-10

Offering an alternative discourse on modernization and development viewed specifically from the East Asia perspective, this book focuses its analysis on the Korean experience of modernization and development. It considers the broad range of societal transformations which have occurred over the past half century, utilizing the vernacular language of Korea, extracted from everyday life to interpret, characterize, globalize and pedagogically broaden the understanding and the human meaning behind these complex social changes.
