Combating Modern Life Concerns Shawn Henry,2021-07-28 Today we see people going bonkers for not having electricity Something as important as clothing and food shelter and other necessities this too has its worth What happens when you see a closed room with no source of ventilation Obviously you tend to lose the cool metaphorically and literally What did you do to make the environment better Again too obvious open the windows and doors if any But how about taking a situation in mind and figure out the source of hope Just imagine that you are sitting in a room with AC on Bruno the only dog you are left with plays with a red balloon that flies from one corner to another All of a sudden power fails and there is no other source of generating electricity to combat a 45 degree Celsius temperature How would you feel What will you think of doing Feeling I would say wouldn t be great right However what will you do depends on two solutions The first one being forgetting the situation sweating and whining and waiting for the power to resume The second might be something better make sure you do not experience the same pitying situation ever again Let s dig right into it Protoplasm Lionel Smith Beale,1874
