The Suriname Writings of John Gabriel Stedman John Gabriel Stedman, 2024-03-25 Jared Ross Hardesty's new critical edition *The Suriname Writings of John Gabriel Stedman* makes an important and necessary intervention into the study of eighteenth century Caribbean travel writing and natural history by foregrounding the previously unpublished diary entries Stedman authored in Suriname rather than focusing solely on his writings printed in the metropolises of Europe Hardesty's edition is especially useful because it includes both a transcription of Stedman's Suriname diary and a detailed appendix tracking key discrepancies between the diary and Stedman's heavily revised printed natural history This focus on genre and the editorial process in the production of Anglophone transatlantic writing is an excellent resource for students and scholars of the eighteenth century Caribbean and the Atlantic World I can see this being a helpful resource in an early American or eighteenth century history or literature course as it would enable students to easily compare differing editions of Stedman's Suriname writings What Hardesty's edition of *The Suriname Writings of John Gabriel Stedman* offers is a more accessible study of how eighteenth century writing on maroonage slavery science and abolition was heavily mediated in the print and production process as this compiled edition offers critical insight into the gendered and racial politics of life in the colonial Caribbean as well as how printers in the metropole attempted to alter the writing of colonizing authors like Stedman

Elizabeth Polcha Drexel University **Dichter in de jungle** Roelof van Gelder, 2018-10-09 over het leven van John Gabriel Stedman *de Multatuli van Suriname* *Dichter in de jungle* van Roelof van Gelder is een indrukwekkende biografie over het leven van John Gabriel Stedman *de Multatuli van Suriname* Stedman een Schots Nederlandse officier schreef het in 1796 verschenen boek *Narrative of a five years expedition against the Revolted Negroes of Surinam* Stedman maakte deel uit van een expeditieleger in Suriname dat als taak had slaven op te sporen die van hun plantages waren weggelopen In zijn boek beschreef Stedman gedetailleerd de gruwelijke wijze waarop sommige plantage eigenaren omgingen met hun slaven Het boek was geïllustreerd met tachtig op Stedman's eigen tekeningen gebaseerde gravures en werd vrijwel meteen een internationaal succes Het werd vertaald in meerdere talen waaronder het Nederlands Hierdoor werd dit boek een belangrijk instrument in de strijd tegen de slavernij Stedman's prenten zijn nog steeds iconen van de slavernijgeschiedenis **The**

**^A Problem of Slavery in the Age of Revolution, 1770-1823** David Brion Davis, 1999-04-15 At a recent meeting of American historians a session was devoted to the question Is intellectual history dead Those who replied in the affirmative should read David Brion Davis's new book Like Mark Twain they might discover that some reports of death are greatly exaggerated As Davis's work demonstrates good intellectual history is absolutely essential for an adequate understanding of the past its proper subject is the way flesh and blood human beings make sense out of their world and try to gain some kind of mastery over it It is obvious that Davis's interpretation was not imposed on his sources but resulted from a struggle to give them whatever structure and coherence seemed most consistent with the data itself and with the best recent historical work

in the field Nor does he attempt to explain all responses to the problem of slavery as ideological Indeed the greatest strength of the book arises from its ability to provide a convincing general interpretation while doing full justice to a variety of historical experiences and perspectives It is hard to imagine anyone going over the same ground for a long time George M Fredrickson *The New York Review of Books*      **The British Library General Catalogue of Printed Books to 1975** British Library,1985      *General Catalogue of Printed Books* British Museum.
