Street Teaching in the Tenderloin Don Stannard-Friel, 2016-11-04 This book is an ethnographic account of San Francisco's most inner city neighborhood the Tenderloin Using its streets as campus and its people as teachers Stannard Friel uses storytelling as a way of explaining why inner city social problems such as homelessness drugs prostitution untreated mental illness and death of young people by murders and suicides exist and persist there The work delves into who lives in the Tenderloin and why the role of dedicated service providers in meeting people's needs and encouraging social change and what lessons university students many coming from their own challenging backgrounds learn through community engagement and service learning that encourage understanding compassion and meaningful contributions to society The work also explores how life in the area is changing and why so many youth report that they love living in the Tenderloin

The United States Army in China, 1900-1938 Alfred Emile Cornebise, 2015-07-13 A study of U S Chinese relations involving the U S Army this work focuses at the personnel level on the Army's service in China While studies have been published of the U S Marines and U S Navy's involvement in China little attention has been given the Army's missions in this theater Operations in China were a key part of the history and traditions of the 9th 14th 15th and 31st Regiments whose coats of arms still feature dragons as symbols of their service there Many who served in the 15th in China went on to impressive careers as general officers prompting one soldier to ask what other infantry regiment of those days can boast of such an alumni list Also covered is the 31st Regiment's involvement in Shanghai during the Second Sino Japanese War the prelude of the coming of World War II in Asia

Music, Sexuality and the Enlightenment in Mozart's Figaro, Don Giovanni and Così fan tutte Charles Ford, 2016-04-29 Music Sexuality and the Enlightenment explains how Mozart's music for *Le nozze di Figaro* *Don Giovanni* and *Così fan tutte* sounds the intentions of Da Ponte's characters and their relationships with one another Mozart by way of the infinitely generative and beautiful logic of the sonata principle did not merely interpret Da Ponte's characterizations but lent them temporal musical forms Charles Ford's analytic interpretation of these musical forms concerns processes and structures in detail and at medium to long term levels He addresses the music of a wide range of arias and ensembles and develops original ways to interpret the two largely overlooked operatic genres of secco recitative and finales Moreover Ford presents a new method by which to relate musical details directly to philosophical

concepts and thereby the music of the operas to the inwardly contradictory thinking of the European Enlightenment This involves close readings of late eighteenth century understandings of man and nature self and other morality and transgression and gendered identities and sexuality with particular reference to contemporary writers especially Goethe Kant Laclos Rousseau Sade Schiller Sterne and Wollstonecraft The concluding discussion of the implied futures of the operas argues that their divided sexualities which are those of the Enlightenment as a whole have come to form our own unquestioned assumptions about gender differences and sexuality This along with the elegant and eloquent precision of Mozart s music is why Figaro Giovanni and Cos still maintain their vital immediacy for audiences today *Forthcoming Books* Rose Arny,1999 *Book Reviews* ,1894 *Army Research and Development* ,1963 **The Saturday Review of Politics, Literature, Science and Art** ,1890 **Saturday Review** ,1890 *The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces* ,1891 **Flügel-Schmidt-Tanger Wörterbuch der englischen und deutschen Sprache: Bd.
