Solo Plays:

Solo Play Structures Ambrose Delaney, AI, 2025-05-05 Solo Play Structures explores the captivating world of single actor plays delving into how playwrights craft compelling narratives that resonate with audiences. It examines the unique power of solo performance addressing how to sustain engagement with just one performer and achieve significant thematic depth. A key insight is that solo plays can reframe perceived limitations into creative opportunities offering a framework for impactful dramatic works. The book investigates narrative construction, character development and dramatic devices like monologue offering practical guidelines and playwriting exercises. It also examines how solo plays commonly address themes such as identity and social justice providing case studies of successful plays. By analyzing performance reviews and interviews Solo Play Structures offers a comprehensive guide to creating engaging solo performances. This work progresses logically starting with fundamental concepts and moving towards practical applications. It connects to fields like creative writing and psychology enriching its argument by demonstrating the broad applicability of its principles. Aspiring playwrights, actors and scholars will find valuable insights into crafting thought provoking and impactful solo plays.

Going Solo Andrew Biss, 2017-06-15 The six one person plays included in this collection are ideal for actors looking to showcase their talents at solo performance theatre festivals whose popularity has grown exponentially in recent years. Poignant sometimes heart wrenching sometimes heart warming and frequently witty each piece allows the actor to explore a multifaceted well rounded character that will demonstrate their skills at their finest and fullest. They say never judge a book by its cover but it's something many of us are apt to do at some point. Judging a person by their appearance is equally unwise as none of us can know the personal turmoil behind the public facade of a perfect stranger. But what if we could juxtapose the public face with the private conflicted person behind it these solo plays present an actor with the opportunity to truly immerse themselves in the mind of the character they're portraying. Haunting intense totally engaging. The Concordian A masterly collection by an excellent writer. Author A J Moreton.

Neo-Victorian Biographilia and James Miranda Barry Ann Heilmann, 2018-06-27 Senior colonial officer from 1813 to 1859 Inspector General James Barry was a pioneering medical reformer who after his death in 1865 became the object of intense speculation when rumours arose about his sex. This cultural history of Barry's afterlives in Victorian to contemporary neo Victorian life writing biographilia examines the textual and performative strategies of biography, biofiction and biodrama of the last one and a half centuries. In exploring the varied reconstructions and reimaginings of the historical personality across time the book illustrates not least with its cover image that the real James Barry does not exist any more than does the faithful biographical biofictional or biodramatic rendering of a life in a generically stable and discrete form. What Barry represents and how he is represented invariably pinpoints the imaginative the speculative and the performative reflections and refractions in the looking glass of genre. Just as James Miranda Barry as a subject of cultural inquiry comes into being and remains in view in the act of crossing gender so
