**The Making of Manners and Morals in Twelfth-Century England** Fiona Whelan, 2017-01-12 How different are we from those in the past Or how different do we think we are from those in the past Medieval people were more dirty and unhygienic than us as novels TV and film would have us believe but how much truth is there in this notion This book seeks to challenge some of these preconceptions by examining medieval society through rules of conduct and specifically through the lens of a medieval Latin text entitled The Book of the Civilised Man or Urbanus magnus which is attributed to Daniel of Beccles Urbanus magnus is a twelfth century poem of almost 3 000 lines which comprehensively surveys the day to day life of medieval society including issues such as moral behaviour friendship marriage hospitality table manners and diet Currently it is a neglected source for the social and cultural history of daily life in medieval England but by incorporating modern ideas of disgust and taboo and merging anthropology sociology and archaeology with history this book aims to bring it to the fore and to show that medieval people did have standards of behaviour Although they may seem remote to modern civilised people there is both continuity and change in human behaviour throughout the centuries
