**The Art of War In A Relationship** E. Ravago,J. Cordova,2023-04-29 Before the civilized era there was a gigantic need to have a huge pair of limbs to survive the monstrosity of wild living Now that we have learned not only how to use the tools around us to hunt meat harvest plants and recreate our habitat but also to group ourselves to better help each other The requirements of survival are also recalibrated In order to construct a responsible united society we must begin with the smallest possible unit of a community a romantic partnership

This is a relationship where the decisions of one member impacts the entire group albeit a group of two We then move to a small family after the addition of offspring and then the scale of the group undergoes constant growth Since our societal problem can be sourced from the gradual performance of humanity acting in bad faith and unreasonable acts and from the parents in those dysfunctional families who mold their child s mind towards undesirable behaviors we can then start minimizing its effects with endeavors that lead to the opposite As couples we are the least form of the society the small known world in the eyes of our child Being with our partners is the most ideal training ground for practicing unity teamwork and leadership The Art of War in a Relationship is about educating each of us using a responsible parent s mindset as the

focal point This journey starts with the ideal traits of a healthy relationship and reaches its peak in proper family leadership We are looking forward to having a responsible society This means that we are looking forward to having a better generation To have many responsible children raised by their responsible parents To have a responsible couple handling their relationship as their training ground to become the most ideal parent they could be When these couples become parents they will be the examples themselves for their children who will in no time become the influential members of their own communities Before the birth of education we only needed to reproduce to preserve the human race Today we also need to reproduce responsibly Welcome to The Art of War in a Relationship **Sofia's Secret** Sharlene MacLaren,2012-10-01 Ever since her parents died in a tragic train wreck Sofia Rogers has worked a job managed a household and brought up her little brother Andy all on her own because she prizes her independence But that s not to say it s been an easy road As if she didn t have enough burdens to bear through circumstances beyond her control Sofie gets pregnant and becomes an overnight pariah Worse than the whispers and stares of others is the bewilderment she feels knowing she may not be able to provide for her baby Dr Elijah Trent moved to Wabash to take over the medical practice of his grandfather Doc Trent as he is affectionately called by the locals Moved by a sense of compassion Eli maintains a hectic schedule striving to meet all his patients needs Just when he feels as if he s bitten off a bit more than he can chew he meets Sofie Rogers and his world is turned upside down by this enchanting yet perplexing young woman who rejects any apparent acts of charity Even more frustrating Sofie refuses to participate in an investigation that might bring her attacker to justice and thereby restore her reputation Never one to mind his own business Eli gets involved anyway and a world of troubles ensues from arson to death threats Nevertheless Eli is determined to break down the wall of silence behind which Sofie hides her deep dark secret and to make her realize that trusting him and her heavenly Father is the only thing that makes sense
