Sodom Gomorrah The Story Of Hollywood:

Sodom and Gomorrah Max Knepper, 1935 Forgetting Lot's Wife Martin Harries, 2009-08-25 Can looking at disaster and mass death destroy us Forgetting Lot's Wife provides a theory and a fragmentary history of destructive spectatorship in the twentieth century Its subject is the notion that the sight of historical catastrophe can destroy the spectator The fragments of this history all lead back to the story of Lot's wife looking back at the destruction of the cities of Sodom and Gomorrah she turns into a pillar of salt This biblical story of punishment and transformation a nexus of sexuality sight and cities becomes the template for the modern fear that looking back at disaster might petrify the spectator Although rarely articulated directly this idea remains powerful in our culture This book traces some of its aesthetic theoretical and ethical consequences Harries traces the figure of Lot's wife across media In extended engagements with examples from twentieth century theater film and painting he focuses on the theatrical theory of Antonin Artaud a series of American films and paintings by Anselm Kiefer These examples all return to the story of Lot's wife as a way to think about modern predicaments of the spectator On the one hand the sometimes veiled figure of Lot's wife allows these artists to picture the desire to destroy the spectator on the other she stands as a sign of the potential danger to the spectator These works that enact critiques of the very desire that inspires them The book closes with an extended meditation on September 11 criticizing the notion that we should have been destroyed by witnessing the events of that day **Sodom and Gomorrah** Max Knepper, 2017-11-27 Excerpt from Sodom and Gomorrah The Story of Hollywood The motion picture is in chains But the book is still free In this book a competent man has written the truth in the public interest and those who help to circulate the book will be rendering a public service About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **European Silent Films on Video** William B. The Epic Film Derek Elley, 2013-12-04 As Charlton Heston put it There's a temptingly simple definition of the epic film it's the easiest kind of picture to make badly This book goes beyond that definition to show how the film epic has taken up one of the most ancient art forms and propelled it into the modern world covered in twentieth century ambitions anxieties hopes and fantasies This survey of historical epic films dealing with periods up to the end of the Dark Ages looks at epic form and discusses the films by historical period showing how the cinema reworks history for the changing needs of its audience much as the ancient mythographers did The form's main aim has always been to entertain and Derek Elley reminds us of the glee with which many epic films have worn their label and of the sheer fun of the genre He shows the many levels on which these films can work from the most popular to the specialist each providing a considerable source of enjoyment For instance spectacle the genre's most characteristic trademark is merely the cinema's own transformation of the literary epic's taste for the grandiose Dramatically it can serve many purposes as a resolution of personal tensions the chariot race in *Ben Hur* of monotheism vs idolatry Solomon and Sheba or of the triumph of a religious code *The Ten Commandments* Although to many people Epic equals Hollywood throughout the book Elley stresses debt to the Italian epics which often explored areas of history with which Hollywood could never have found sympathy Originally published 1984

Imagining Ancient Cities in Film Marta Garcia Morcillo, Pauline Hanesworth, Óscar Lapeña Marchena, 2015-02-11 In film imagery urban spaces show up not only as spatial settings of a story but also as projected ideas and forms that aim to recreate and capture the spirit of cultures societies and epochs Some cinematic cities have even managed to transcend fiction to become part of modern collective memory Can we imagine a futuristic city not inspired at least remotely by Fritz Lang's *Metropolis* In the same way ancient Babylon Troy and
