*The Shape of Sola Scriptura* Keith A. Mathison, 2001 In what shape do we find the doctrine of sola Scriptura today Many modern Evangelicals see it as a license to ignore history and the creeds in favor of a more splintered approach to the Christian living In the past two decades Roman Catholic and Eastern Orthodox apologists have strongly tried to undermine sola Scriptura as unbiblical unhistorical and impractical But these groups rest their cases on a recent false take on sola Scriptura The ancient medieval and classical Protestant view of sola Scriptura actually has a quite different shape than most opponents and defenders maintain Therein lies the goal of this book an intriguing defense of the ancient and classical Protestant doctrine of sola Scriptura against the claims of Rome the East and modern Evangelicalism The issue of sola Scriptura is not an abstract problem relevant only to the sixteenth century Reformation but one that poses increasingly more serious consequences for contemporary Christianity This work by Keith Mathison is the finest and most comprehensive treatment of the matter I ve seen I highly recommend it to all who embrace the authority of sacred Scripture R C Sproul Ligonier Ministries
