Soldiers In A Narrow Land:

Soldiers in a Narrow Land Mary Helen Spooner, 1994 A devastating account of the Pinochet regime that provides an inside look at the rise and slow disintegration of Chile's brutal dictatorship *Soldiers in a Narrow Land* Mary Helen Spooner, 1999-09 An accurate and objective account of the political events in Chile An important document for those who want to know what happened and for those who should not forget Isabel Allende *De Jakartamethode* Vincent Bevins, 2025-08-21 In *De Jakartamethode* laat Vincent Bevins zien dat de brute uitroeiing van ongewapende linksdenkenden een belangrijk onderdeel was van een van de grootste Amerikaanse overwinningen tijdens de Koude Oorlog In 1965 hielp de Amerikaanse regering het Indonesische leger bij een bloedige zuivering waarbij naar schatting een miljoen vermeende communisten vaak onschuldige burgers om het leven kwamen Met de vernietiging van de grootste communistische partij buiten China en de Sovjet Unie werd niet alleen een politieke beweging uitgewist maar ook de weg vrijgemaakt voor vergelijkbare terreurcampagnes elders in de wereld zoals in Chili en Brazili In deze nieuwe geschiedenis over de heksenjacht op het communisme tijdens de Koude Oorlog baseert Vincent Bevins zich op gedeclassificeerde documenten archiefonderzoek en ooggetuigenverslagen Hij weerlegt het idee dat de ontwikkelingswereld vreedzaam het kapitalistische systeem van de VS overnam *The Jakarta Method* Vincent Bevins, 2020-05-19 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR THE FINANCIAL TIMES AND GQ A radical new history of the United States abroad Wall Street Journal which uncovers U S complicity in the mass killings of left wing activists in Indonesia Latin America and around the world In 1965 the US government helped the Indonesian military kill approximately one million innocent civilians eliminating the largest Communist Party outside China and the Soviet Union and inspiring other copycat terror programs In this bold and comprehensive new history Vincent Bevins draws from recently declassified documents archival research and eyewitness testimony to reveal a shocking legacy that spans the globe For decades it's been believed that the developing world passed peacefully into the US led capitalist system The Jakarta Method demonstrates that the brutal extermination of unarmed leftists was a fundamental part of Washington's final triumph in the Cold War Hostile Intent Kristian Gustafson, 2007-12-31 Kristian Gustafson's *Hostile Intent* reexamines one of the most controversial chapters in U S intelligence history the Central Intelligence Agency's covert operations in Chile from 1964 to 1974 At the request of successive U S presidents the CIA in conjunction with the State Department and the Defense Intelligence Agency first acted to prevent Chilean socialist Salvador Allende from becoming the democratically elected president of his country and then tried to undermine his government once he was in office Allende's government eventually fell in a bloody military coup on September 11 1973 President Richard Nixon's administration and corporate interests were not sorry to see him go but did U S covert operations actually play a decisive role in Allende's downfall The declassification of thousands of U S government documents over the last several years demands that historians take a new look Since 1973 most observers have maintained

that U S machinations were responsible for the success of Gen Augusto Pinochet s coup that forced Allende s fall and suicide This assessment has been based on a thin documentary record of U S activity the myth of an all powerful CIA and the CIA s checkered history of covert action in Latin America However Gustafson convincingly shows the conventional wisdom about the impact of U S actions is badly flawed His meticulous research is based upon an intensive examination of previously unavailable U S records as well as interviews with key figures Hostile Intent is the most comprehensive account to date of U S involvement in Chile and its provocative reinterpretation of this involvement will shape all future debates **Vanishing**

Coup Ivan Perkins,2013-10-10 How did the Republic of Venice go 486 years without a single coup d tat or coup attempt Is it the same force that has generated stability in Britain since 1746 in the United States since 1776 and in a growing number of nations around the world This thoughtful and engaging book offers the first extended analysis of coups which have played a central role in world history and politics Ivan Perkins draws on his extensive research on the history and inner workings of coups to explain how a small but growing number of nations have escaped chronic violence and built states with perpetually peaceful transfers of power Readers will explore the rising coup free zone from the baroque system behind 486 years of stability in Venice to today s heavy handed but efficient regime in Singapore Along the way the author recounts some of history s most gripping political intrigues the spontaneous street uprising against King Tarquinius Superbus in Rome the machinations of Bengali officials that launched the British Empire and the fears that compelled General Pinochet to join a coup and become dictator of Chile Perkins examines in detail the first three coup free states He argues against the standard theory of stability which holds that professional military officers are so thoroughly trained in ethics and civilian control that leading a coup would be unthinkable Instead he proposes a new and simpler interpretation stability is founded not on ethics but on law An impartial rule of law weakens personal loyalty relationships especially within the political military establishment and inhibits grand criminal conspiracies The book concludes with a new explanation for the democratic peace and shows why coup free states form enduring alliances *A Force More Powerful* Peter Ackerman,Jack DuVall,2000 How
