## **Soldiers Blue And Gray:**

*Daily Life of U.S. Soldiers* Christopher R. Mortenson, Paul J. Springer, 2019-06-14 This ground breaking work explores the lives of average soldiers from the American Revolution through the 21st century conflicts in Afghanistan and Iraq. What was life really like for U.S. soldiers during America's wars? Were they conscripted or did they volunteer? What did they eat, wear, believe, think and do for fun? Most important, how did they deal with the rigors of combat and coming home? This comprehensive book will answer all of those questions and much more with separate chapters on the American Revolution, the War of 1812, the Mexican American War, the Civil War, the Indian Wars, the Spanish American War, World War I, World War II in Europe, World War II in the Pacific, the Cold War, the Korean War, the Vietnam War, the Persian Gulf War, the Afghanistan War, and the War on Terror, and the Iraq War. Each chapter includes such topical sections as Conscription and Volunteers, Training, Religion, Pop Culture, Weaponry, Combat, Special Forces, Prisoners of War, Homefront, and Veteran Issues. This work also examines the role of minorities and women in each conflict as well as delves into the disciplinary problems in the military, including alcoholism, drugs, crimes, and desertion. Selected primary sources, bibliographies, and timelines complement the topical sections of each chapter.

**Deeds of Daring by Both Blue and Gray** D. M. Kelsey, 1886      **Reminiscences of the Blue and Gray, '61-'65** Richard Miller Devens, 1895      [The Blue and the Gray](#) Reverend Theodore Gerrish, John S.

Hutchinson, 1883      *The Blue and the Gray* J. P. Austin, 1899 Memoir of a confederate veteran who served from the Rio Grande to the Atlantic and from the Gulf to Virginia's southern line. The author began his service in Texas and recounts the scene there of secession. He subsequently saw action at Shiloh, Vicksburg, and Chattanooga. He also gives an account of Reconstruction, fought under Bragg and with Captain John H. Morgan.      **Mountaineers in Gray** John D. Fowler, 2004 On April 26, 1865, on a farm just outside Durham, North Carolina, General Joseph E. Johnston surrendered the remnants of the Army of Tennessee to his longtime foe, General William T. Sherman. Johnston's surrender ended the unrelenting Federal drive through the Carolinas and dashed any hope for Southern independence. Among the thirty thousand or so ragged Confederates who soon received their paroles were seventy-eight men from the Nineteenth Tennessee Volunteer Infantry Regiment. Originally consisting of over one thousand men, the unit had, through four years of sickness, injury, desertion, and death, been reduced to a tiny fraction of its former strength. Organized from volunteer companies from the upper and lower portions of East Tennessee, the men of the Nineteenth represented an anomaly. Confederates in the midst of the largest Unionist stronghold of the South, why these East Tennesseans chose to defy their neighbors, risking their lives and fortunes in pursuit of Southern independence, lacks a simple answer. John D. Fowler finds that a significant number of the Nineteenth's members belonged to their region's local elite, old established families engaged in commercial farming or professional occupations. The influence of this elite, along with community pressure, kinship ties, fear of invasion, and a desire to protect republican liberty, generated Confederate sympathy amongst East Tennessee secessionists, including the members of the

Nineteenth Utilizing an exhaustive exploration of primary source materials the author creates a new model for future regimental histories a model that goes beyond bugles and bullets to probe the motivations for enlistment the socioeconomic backgrounds the wartime experiences and the postwar world of these unique Confederates The Nineteenth served from the beginning of the conflict to its conclusion marching and fighting in every major engagement of the Army of Tennessee except Perryville Fowler uses this extensive service to explore the soldiers effectiveness as fighting men the thrill and fear of combat the harsh and often appalling conditions of camp life the relentless attrition through disease desertion and death in battle and the specter of defeat that haunted the Confederate forces in the West This study also provides insight into the larger issues of Confederate leadership strategy and tactics medical care prison life the erosion of Confederate morale and Southern class relations The resulting picture of the war is gritty real and all too personal If the Civil War is indeed a mosaic of little wars this then is the Nineteenth s war John D Fowler is assistant professor of history at Kennesaw State University He is the recipient of the Mrs Simon Baruch University Award for the best manuscript in Civil War History 2002
