Solitary Apprenticeship Sandra Maley, 1996 *A Wild Perfection* James Wright, 2008-04-30 The thoughtful inspiring letters of a Pulitzer Prize winning poet American Literature in Transition, 1960-1970 David Wyatt, 2018-09-13 The decade of the 1960s has come to occupy a uniquely seductive place in both the popular and the historical imagination While few might disagree that it was a transformative period the United States remains divided on the question of whether the changes that occurred were for the better or for the worse Some see it as a decade when people became more free others as a time when people became more lost American Literature in Transition 1960 1970 provides the latest scholarship on this time of fateful turning as seen through the eyes of writers as various as Toni Morrison Gary Snyder Michael Herr Amiri Baraka Joan Didion Louis Chu John Rechy and Gwendolyn Brooks This collection of essays by twenty five scholars offers analysis and explication of the culture wars surrounding the period and explores the enduring testimonies left behind by its literature

After Every War, 2013-10-31 They are nine women with much in common all German speaking all poets all personal witnesses to the horror and devastation that was World War II Yet in this deeply moving collection each provides a singularly personal glimpse into the effects of war on language place poetry and womanhood After Every War is a book of translations of women poets living in Europe in the decades before and after World War II Rose Ausländer Elisabeth Langgässer Nelly Sachs Gertrud Kolmar Else Lasker-Schüler Ingeborg Bachmann Marie Luise Kaschnitz Dagmar Nick and Hilde Domin Several of the writers are Jewish and therefore also witnesses and participants in one of the darkest occasions of human cruelty the Holocaust Their poems as well as those of the other writers provide a unique biography of the time but with a difference These poets see public events through the lens of deep private losses They chart the small occasions the bittersweet family ties the fruit dish on a table the lost soul arriving at a railway station in other words the sheer ordinariness through which cataclysm is experienced and by which life is cruelly shattered They reclaim these moments and draw the reader into them The poems are translated and introduced with biographical notes on the authors by renowned Irish poet Eavan Boland Her interest in the topic is not abstract As an Irish woman she has observed the heartbreaking effects of violence on her own country Her experience has drawn her closer to these nine poets enabling her to render into English the beautiful ruminative quality of their work and to present their poems for what they are documentaries of resilience of language of music and of the human spirit in the hardest of times **Twentieth-century American Poetry** Dana Gioia, David Mason, Meg

Schoerke, 2004 Publisher Description **So Much Secret Labor** Anne Wright, Sandra Rose Maley, Jeffrey Katz, 2025-03-04 So Much Secret Labor is a window into the work of the great American poet James Wright 1927 1980 whose love of languages and quest for the true imagination helped transform American poetry The book draws on memoir archival research interviews letters and previous unpublished journal excerpts presenting a scrupulous and intimate reading of Wright's work and the translations he insisted were as redemptive in his life as they were crucial to his poetics At its center

is a selection of Wright's translations both from German and Spanish poems by Trakl, Rilke, Heine, Vallejo, Lorca and Neruda among others including draft versions discovered among his collected papers that have never been published. It also provides an important assessment of the little known formative influence of German poetry on Wright's own poems. Wright's literary relationship with another great mid-century American poet Robert Bly is featured here in a portfolio of unpublished letters, typescripts and holographs. These tell the story of their ardent friendship and earliest translation collaborations and situate them in the history of the emergence of poetry of the true imagination that they were beginning to explore at that time.

The Georgia Review, 2017 Against the Grain Reed Whittemore, 2007 Reed Whittemore began his literary life in the late 1930s when he and Yale roommate James Angleton founded the poetry magazine *Furioso* in which they published leading modernists e.g. Ezra Pound, William Carlos Williams and E. E. Cummings. In *Against the Grain* Whittemore chronicles the life of his alter ego R whose storied poetic career included four wartime years in North Africa and Europe and a second run of *Furioso* which Victor Navasky, publisher emeritus of *The Nation* called the ne plus ultra of little mags. In the mid 60s Whittemore and his family moved to Washington where he was Consultant in Poetry to the Library of Congress again in 1985. While R went on to teach at the University of Maryland he was also literary editor and prolific reviewer for *The New Republic* leaving in the mid 70s to write a biography of William Carlos Williams and then several books on the development of the genre itself. His book of poems *The Mother's Breast and the Father's House* was nominated for the National Book Award.

The Kenyon Review John Crowe Ransom, 2007 Editor winter 1939 autumn 1941 J. C. Ransom **Yearbook of German-American Studies**, 1997 **The Research Guide for the Digital Age** Francis Burkle-Young, Sandra Rose Maley, 1997-05-22 Modern college undergraduates in America generally come to the classroom with no instruction at all in writing the traditional lucid formal essay. This small guide to college students will illustrate clearly and logically those principles of inquiry, curiosity, discovery and enthusiasm which will vitalize their future academic careers and their lives as rational and thoughtful adults. A significant number of other texts have appeared over the past decades which also lead the freshman or sophomore student through the processes of doing research and analysis both on the scientific and the historical method. Few, however, offer an adequate introduction to the new technical methods for identifying, recovering and assembling relevant research information. **American Doctoral Dissertations**, 1994 American Book Publishing Record, 1996
