*Field & Stream*, 1972-12 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations

**The Ferrari in the Bedroom** Jean Shepherd, 2010-06-16 Jean Shepherd was one of America's favorite humorists his most notable achievement being the creation of the indefatigable Ralphie Parker and his quest for a BB gun in the holiday classic A Christmas Story But he was so much more a comic Garrison Keillor like figure whose unique voice transcended the airwaves and affected a whole generation of nostalgic Americans The Ferrari in the Bedroom is Shepherd's wry affectionate look at the hang ups and delusions of Americans in the 1970s From his sardonic assessment of fads such as the nostalgia craze Thinking that the old days were good is a terrible sickness Everything was just as bad then as it is now to a modest proposal for the foundation of S P L A T The Society for the Prevention of the Leaving of Animal Turds Jean Shepherd provides a generous measure of his special brand of wise and warm humor as an antidote for some of America's more ridiculous obsessions

**Entrepreneurship in Africa** David S. Fick, 2002-03-30 Who are the entrepreneurs who have achieved success wealth and recognition in their African homelands and how did they do it Entrepreneur Dave Fick interviewed several hundred women and men who were willing to assume risks often spectacular ones for personal economic gain but who did it legally ethically and who are now giving back to their nations and societies at least as much as they received They speak openly of their hardships and failures what they did right and what they did wrong and their accounts are remarkable We gain insight into the way business must be done under harsh political and economic circumstances but we also learn unusual techniques and strategies that others in more favorable milieus can use to accomplish similar feats With commentaries from notable scholars and other businesspeople and with Fick's own first hand onsite observations the book is a self educating colloquium a collection of personal meetings accounts letters emails and telephone calls between Fick his counterparts in Africa and others around the world It is also an attempt to encourage a dialogue that will accelerate the exchange and spread of knowledge and ideas and a way to help the people of Africa build a peaceful and better society for themselves and the world

Forces of Nature Bernadette H. Hyner, 2009-03-26 In Forces of Nature the authors investigate the relationships between the natural world and gender and sexuality The authors explore the frameworks within which femininity and nature have been constructed as well as the impact nature has had on our understandings of masculinity homosexuality and heterosexuality For some writers nature has restorative powers for others nature embodies violence and destruction Yet one common thread runs across all of the chapters in this collection nature and animals can not be separated from the human experience Forces of Nature brings to light the intimate connection humans have with the natural world and provides students and scholars with innovative readings of both canonical and noncanonical texts

**Scaled for Success** Philip Hayward, 2018-07-26 Emerging from the confluence of Greco Roman mythology and

regional folklore the mermaid has been an enduring motif in Western culture since the medieval period. It has also been disseminated more widely initially through Western trade and colonisation and more recently through the increasing globalisation of media products and outlets. *Scaled for Success* offers the first detailed overview of the mermaids dispersal outside Europe. Complementing previous studies of the interrelationship between the mermaid and Mami Wata spirit in West Africa, this volume addresses the mermaids presence in a range of Middle Eastern, Asian, Australian, Latin American and North American contexts. Individual chapters identify the manner in which the mermaid has been variously syncretised and/or resignified in contexts as diverse as Indian public statuary, Thai cinema and Coney Islands annual Mermaid Parade. Rather than lingering as a relic of a bygone age, the mermaid emerges as a versatile dynamic and above all polyvalent figure. Her prominence exemplifies the manner in which contemporary media lore has extended the currency of established folkloric figures in new and often surprising ways. Analysing aspects of religious symbolism, visual art, literature and contemporary popular culture, this copiously illustrated volume profiles an intriguing and highly diverse phenomenon. Philip Hayward is editor of the journal *Shima* and holds adjunct professor positions at the University of Technology Sydney and at Southern Cross University. His previous volume *Making a Splash: Mermaids and Mermen in 20th and 21st Century Audiovisual Media* was published by John Libbey Publishing/Indiana University Press in 2017.

**Space and the Postmodern Fantastic in Contemporary Literature** Patricia Garcia, 2015-04-24. Arising from the philosophical conviction that our sense of space plays a direct role in our apprehension and construction of reality, both factual and fictional, this book investigates how conceptions of postmodern space have transformed the history of the impossible in literature. Deeply influenced by the work of Jorge Luis Borges and Julio Cortázar, there has been an unprecedented rise in the number of fantastic texts in which the impossible is bound to space, not as scene of action but as impossible element performing a fantastic transgression within the storyworld. This book conceptualizes and contextualizes this postmodern fantastic use of space that disrupts the reader's comfortable notion of space as objective reality in favor of the concept of space as socially mediated, constructed and conventional. In an illustration of the transnational nature of this phenomenon, García analyzes a varied corpus of the Fantastic in the past four decades from different cultures and languages, merging literary analysis with classical questions of space related to the fields of philosophy, urban studies and anthropology. Texts include authors such as Julio Cortázar (Argentina), John Barth (USA), J.G. Ballard (UK), Jacques Sternberg (Belgium), Fernando Iwasaki (Peru), Juan José Millás (Spain) and Ric Faye (France). This book contributes to Literary Theory and Comparative Literature in the areas of the Fantastic, narratology and Geocriticism and informs the continuing interdisciplinary debate on how human beings make sense of space.
