*Songs by a Song-writer* William Cox Bennett,1859    *Songs and Song Writers* Henry T. Finck,2015-07-23 Excerpt from Songs and Song Writers Many music lovers have doubtless asked themselves the question why it should have remained for Schubert less than a century ago to

practically create the Lied or lyric art song In the first two chapters of this volume I have endeavored to answer this question The great composers and singers were so busy with mammoth oratorios operas symphonies and sonatas that the short song was esteemed hardly worthy of their serious attention just as in England a story used to be thought of no consequence unless it filled several volumes It is now conceded that a story of three pages may give as much evidence of literary genius as a

three volume novel while Schubert Franz and others have proved the same principle in regard to music and at present every composer writes a dozen or two if not a hundred or two lyric songs The singers too have become more rational About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally
