Soul Energy:

The Chorus of the body The Symphony of the Soul Namrata Mehrotra, 2019-01-20 The book is all about simple methods that we can all adopt in order to attain peace of mind and to learn the ways of spirituality It educates us about being conscious towards the needs of the soul as much as we are towards bodily needs Following the methods enlisted one can gain synchronicity of the soul with the higher energy realm The book highlights factors that create long lasting effect on the soul It is all about keeping your soul consciousness awake This book will help you gain the perspective of the actual reason of human birth and of how one can be free from karmic bondage and be liberated from the vicious cycle of incarnation The writings emphasise on the practice of mindfulness which leads one to accept life as it is and to vibrate positivity in every situation of life no matter how negative it may seem The book highlights the fact that we are lost in a different world that has taught us to analyse ourselves as humans searching for their spiritual awakening whereas the truth is that we are spiritual beings that are trapped within human incarnation which is so stained with materialistic vices that it knows not which path to tread in life
