**The Soul's Code** James Hillman, 2013-02-06 An acute and powerful vision offers a renaissance of humane values Thomas Moore author of *Care of the Soul* and *The Re Enchantment of Everyday Life* Plato called it daimon the Romans genius the Christians guardian angel today we use such terms as heart spirit and soul While philosophers and psychologists from Plato to Jung have studied and debated the fundamental essence of our individuality our modern culture refuses to accept that a unique soul guides each of us from birth shaping the course of our lives In this extraordinary bestseller James Hillman presents a brilliant vision of our selves and an exciting approach to the mystery at the center of every life that asks What is it in my heart that I must do be and have And why Drawing on the biographies of figures such as Ella Fitzgerald and Mohandas K Gandhi Hillman argues that character is fate that there is more to each individual than can be explained by genetics and environment The result is a reasoned and powerful road map to understanding our true nature and discovering an eye opening array of choices from the way we raise our children to our career paths to our social and personal commitments to achieving excellence in our time Praise for *The Soul's Code* Champions a glorious sort of rugged individualism that with the help of an inner daimon or guardian angel can triumph against all odds The Washington Post Book World A brilliant absorbing work Hillman dares us to believe that we are each meant to be here that we are needed by the world around us Publishers Weekly

**DEATH THE FINAL FRONTIER** Orest Stocco, 2016-11-26 Despite my Roman Catholic faith growing up when I encountered the doctrine uttered in secret I felt an immediate attraction to it and although it threw my Christian faith into confusion I pursued the doctrine of reincarnation And the more I read on reincarnation the more convinced I was that when we die we come back to live life over again and my concern then became why do we come back to live life over again Chapter 13 **MY REGRESSION TO THE BODY OF GOD**

**Gurdjieff Was Wrong But His Teaching Works** Orest Stocco, 2016-02-07 Gurdjieff was wrong but his teaching works is the story of one man's remarkable journey of self discovery which dispels the Gurdjieffian premise that man is not born with an immortal soul With his own quest Orest Stocco illustrates that we are all born with a spark of divine consciousness but not until we take evolution into our own hands which Gurdjieff's teaching helped him to do will we realize our true self

*The Language of the Soul in Narrative Therapy* Laura B  res, 2022-07-08 The Language of the Soul in Narrative Therapy uniquely bridges the gap between narrative therapy and spirituality to describe how the theory and practice of narrative therapy may be expanded and enriched by incorporating the language of the soul Divided into three parts the book begins by contextualizing the approach of narrative therapy and spirituality Chapters then debate the complexity of the soul as a term drawing on the work of Christian mystics and philosophers such as Teresa of Avila Edith Stein Merleau Ponty and Bakhtin to show how their theoretical ideas can be incorporated in counseling practice and spiritual direction The book concludes by discussing how the language of the soul can be integrated and applied in postmodern practice With case examples from faith belief systems such as Christianity

Buddhism Paganism Wicca and Yazidism throughout this book is essential reading for therapists clinical social workers and counsellors in practice and graduate training as well as spiritual directors and pastoral counselors interested in the ideas and practices of narrative therapy     **Do We Have An Immortal Soul?** Orest Stocco,2014 The I is the big mystery of life The I is a miraculous unit of reflective self consciousness that is aware of its own individuality and separateness from life and although every I is made of the same individuated consciousness of life each I in the words of the poet John Keats possesses a bliss peculiar to each one by individual existence The I is who we are It is our distinct individual core identity Like snowflakes we are all different but the same but how do we become different Better still how do we even become a distinct separate I
