 Andrew Carnegie Reader* Andrew Carnegie,1992 Andrew Carnegie is the only American entrepreneur who could have won  
 distinction as an author even if he had never seen a steel mill writes Joseph Frazier Wall A skillful and prolific writer Andrew  
 Carnegie published sixty three articles in major magazines of his time such as The North American Review and eight books  
 Although he is best remembered today for the radical philosophy expressed in the title essay of his book The Gospel of  
 Wealth his other writings are readable and provocative The Andrew Carnegie Reader is the first anthology to bring together  
 in a single volume a representative selection of Carnegie s writings which show him as a shrewd businessman celebrated  
 philanthropist champion of democracy and eternal optimist Carnegie s first letter to the editor at the age of seventeen was  
 the beginning of a lifelong attempt to satisfy an insatiable journalistic desire Always voluble and candid Carnegie was as  
 active with his pen as with his tongue This intriguing collection covers sixty years of the industrial giant s life from his letters  
 to his cousin George Lauder written in 1853 to the final chapter of his autobiography completed in 1914 In his own simple  
 abrupt style colored with fierce optimism Carnegie captivated his audience Although most of the selections were penned for  
 an audience now long gone today s reader will be intrigued by the pertinence and timelessness of Carnegie s hopes for world  
 peace his views on labor and his concern for better race relations in America and their continuing applicability to humankind  
 A brief essay by the editor introduces each selection     **Papers and Proceedings** American Library Association. Annual  
 Conference,1899     The Human Tradition in American Labor History Eric Arnesen,2004 Assembles biographical stories of
