## **The Annals Vol 491 May 1987 The Fulbright Experience And Academic Exchanges:**

**Between Understanding and Misunderstanding** Yasushi Sugiyama,1990-08-21 Although international cultural exchange is an important feature of contemporary international relations it remains one of the most neglected areas of research and training Since World War II more than six million academics and countless other individuals have spent significant amounts of time studying and visiting in countries other than their own Still despite this phenomenal development in international cultural exchanges we have relatively little knowledge of what is involved in such actions and what their individual societal organizational and governmental effects may be This volume a collection of papers presented at the International Cultural Exchange Symposium examines the study of international cultural exchange and the role that cultural factors play in contemporary international relations The book explores the state of this yet to be recognized field identifying the conceptual methodological and administrative problems involved in cultural exchange and recommending measures that could improve the quality effectiveness and costs of international programs Although the primary focus remains on the issues of U S Japanese exchange broader themes that touch upon cultural relations in general are also discussed Topics covered in the various contributions include problems of U S Japanese educational exchange issues in British cultural exchange policy educational cooperation between the University of Massachusetts and Hokkaido University international broadcasting and student exchange and the use of technology The book's contributors represent some of the United States and Japan's leading academic institutions including the University of Massachusetts Tokyo University Columbia the University of Kyoto and Harvard This book will be a valuable resource for courses in international relations and communications cultural anthropology and sociology and international education and a necessary addition to libraries at universities cultural institutions and international organizations

## **UNITED STATES POLITICAL SCIENCE DOCUMENTS ,1989 A**

**Righteous Smokescreen** Sam Lebovic,2022-05-10 In the years immediately after World War II the United States broadcast to the world not just its power but its values Sam Lebovic here focuses on one of those professed ideals the free flow of information That trope became a proxy for America's special brand of imperial democracy and it both abetted and constituted the spread of American culture and values worldwide By studying visa and passport policy funding for educational exchange and school construction the purchase of land for embassies the rights of international correspondents and other mundane matters Lebovic reveals globalization as a consequence of quotidian world ordering not of high minded abstractions like liberal internationalism

**In Search of Wonder** Sachidananda Mohanty,1997 Written on the occasion of the 50th anniversary of the Fullbright program in educational and cultural exchange this book seeks an understanding of the program in India and the larger world of cultural exchange focusing on the problem areas of exchange activity when nations are uneven in political and economic power

*Construyendo Puentes (Building Bridges)* Josef Hellebrandt,Lucia T. Varona,2023-07-03 Thirteenth in the Service Learning in Disciplines series this book provides a sound approach to the many

conceptual and methodological changes that have taken place in the teaching of languages and cultures. By reviewing the accomplishments of Spanish teachers and what theory informs us the editors have compiled a series of suggestions to help students and teachers connect with communities in order to facilitate learning with each other rather than about each other.

**Vorbild USA?** Stefan Paulus, 2010-07-01 Die aktuelle Debatte über die Reform der Hochschulen ist offensichtlich an US-amerikanischen Vorbildern ausgerichtet. Berraschen mag, dass diese Auseinandersetzung bis in die unmittelbare Nachkriegszeit zurückreicht. Stefan Paulus beleuchtet erstmals die amerikanisch-deutschen Interaktionen und den amerikanischen Einfluss auf die deutsche Universitätswissenschaftspolitik nach 1945. Unter kultureller und wissenschaftshistorischer Perspektive werden die Voraussetzungen der Verlauf und die Ergebnisse des Reformdiskurses von der Besatzungszeit bis zur Verabschiedung des ersten Hochschulrahmengesetzes im Jahre 1976 analysiert. Die Orientierung an amerikanischen Modellen wird dabei stets thematisiert.
