A Strategic Analysis of the Construction

Industry in the United Arab Emirates Viktor Gorgenl,nder,2011-02 The construction industry is one of the most booming

industries in the world In particular in the United Arab Emirates this industry has experienced a constant growth over the course of the last few years Driven by the UAE s oil wealth the country has witnessed an unmatched development and transformation Oil revenues have lead to a driving construction boom and completely change the face of the state The

construction industry is still one of the engines of economic growth in the UAE One of the highest concentrations of cranes in the world speaks volumes about the incredible pace of construction taking place particularly in Dubai and Abu Dhabi but also in the other emirates The fact that about 30 000 or 24 percent of the world s 125 000 construction cranes are currently

operating in the region speaks for itself The UAE s construction projects stands out clearly from building projects in other parts of the world due to the fact that there is no constraint on constructional imagination and there is no place in the world where construction moves as fast as in the UAE With some of the most innovative mega projects such as Burj Khalifa the tallest building in the world or The Palm Jumeirah The Palm Jebel Ali and The Palm Deira the world s largest man made islands with epithets of world s biggest best and tallest the UAE construction industry remains unbeaten The construction industry is a complex environment in which each organization is faced with numerous opportunities and threats This book provides an in depth analysis of the fast growing construction industry in the UAE while scanning the construction business

for opportunities and threats This book implements the PESTEL analysis that will be used to analyze the UAE s construction industry The main objective of the research reported in this book is to identify the factors in the macro environment that might affect an organization Having the PESTEL context this output is used to execute a SWOT analysis The PESTEL factors combined with external micro environmental factors are classified as opportunities and threats in a SWOT analysis Thus this research also aims to identify the opportunities and threats in the construction business This study does not assess company s internal strengths and weaknesses Through strategic analysis of the UAE s construction business this book creates an adequate framework that helps participants of the construction business to take advantage of opportunities while protecting them from threats

Index of Lebanon & the Arab World ,1998 Benn's Media ,2000 **Journal of the Royal United Services Institute for Defence Studies** Royal United Services Institute for Defence Studies,1897

Knowledge Management in the Construction Industry Abdul Samad Kazi,2005 Presenting a portfolio of concepts methods models and tools this title presents means of implementing knowledge management principles in the construction industry

Proceedings Institution of Civil Engineers (Great Britain),1989

Financial Times of London World Business

Weekly ,1980-12 Consortia Agreements in the International Construction Industry:With Special Reference to Egypt Hani Sarie-Eldin,1996-05-20 This book analyses the internal relationships between the parties of the international construction cooperation and also their external responsibilities To The employer under the works contract including such international standard agreements as FIDIC Civil Engineering contract In addition it demonstrates that the legal systems e g English Egyptian and French law have not kept pace with the latest developments in the evolving contractual characteristics and economic significance of cooperation among two or more international construction companies The book concludes that a comprehensive contractual framework is necessary and statutory changes may be deemed desirable This work will be of interest to practitioners in the field of construction law and consortium agreements Middle East Construction ,1986
