Arroyo Hondo Archaeological Series: A space syntax analysis of Arroyo Hondo Pueblo, New Mexico: community formation in the northern Rio Grande ,1979 The Oxford Handbook of Southwest Archaeology

Barbara Mills, Severin Fowles, 2017-08-15 The American Southwest is one of the most important archaeological regions in the world with many of the best studied examples of hunter gatherer and village based societies Research has been carried out in the region for well over a century and during this time the Southwest has repeatedly stood at the forefront of the development of new archaeological methods and theories Moreover research in the Southwest has long been a key site of collaboration between archaeologists ethnographers historians linguists biological anthropologists and indigenous intellectuals This volume marks the most ambitious effort to take stock of the empirical evidence theoretical orientations and historical reconstructions of the American Southwest Over seventy top scholars have joined forces to produce an unparalleled survey of state of archaeological knowledge in the region Themed chapters on particular methods and theories are accompanied by comprehensive overviews of the culture histories of particular archaeological sequences from the initial Paleoindian occupation to the rise of a major ritual center in Chaco Canyon to the onset of the Spanish and American imperial projects The result is an essential volume for any researcher working in the region as well as any archaeologist looking to take the pulse of contemporary trends in this key research tradition **Encyclopedia of Prehistory** Peter N.

Shapiro, 2005 Until recently archaeologists have rarely studied prehistoric architecture as if it were an artifact comparable to pottery or stone tools Following the premise that built space embodies social organization Jason

Shapiro takes a fresh look at architectural data from Arroyo Hondo Pueblo a fourteenth century site in the northern Rio Grande Valley of present day New Mexico Using the theoretical assumptions and mathematical techniques of space syntax analysis he explores what changes in architecture reveal about people s social lives A significant shift toward greater residential privacy during the later period occurred in Arroyo Hondo as well as the contemporaneous pueblos of Tijeras and Puy and twentieth century Acoma Pueblo This analysis demonstrates that transformations in the arrangement of space can illuminate social change even when they are not accompanied by changes in other kinds of artifacts or technologies **Hopi Dwellings** Catherine M. Cameron,1999-03 Discusses what archaeology can reveal about how Pueblo architecture was built and used and describes the Hopi buildings at Oraibi Arizona *Ancient Architecture of the Southwest* William N. Morgan,1994-01-01 During more than a thousand years before Europeans arrived in 1540 the native peoples of what is now the southwestern United States and northern Mexico developed an architecture of rich diversity and beauty Vestiges of thousands of these dwellings and villages still remain in locations ranging from Colorado in the north to Chihuahua in the south and from Nevada in the west to eastern New Mexico This study presents the most comprehensive architectural survey of the region currently available Organized in five chronological sections that include 132 professionally rendered site drawings the book examines architectural evolution from humble pit houses to sophisticated multistory pueblos The sections explore concurrent Mogollon Hohokam and Anasazi developments as well as those in the Salado Sinagua Virgin River Kayenta and other areas and compare their architecture to contemporary developments in parts of eastern North America and Mesoamerica The book concludes with a discussion of changes in Native American architecture in response to European influences **The Kiva** ,2001 **Chaco and After in the Northern San Juan** Catherine M. Cameron,2009 Chaco Canyon the great Ancestral Pueblo site of the eleventh and twelfth centuries remains a central problem of Southwestern archaeology Chaco with its monumental great houses was the center of a vast region marked by outlier great houses The canyon itself has been investigated for over a century but only a few of the more than 200 outlier great houses key to understanding Chaco and its times have been excavated This volume explores the Chaco and post Chaco eras in the northern San Juan area through extensive excavations at the Bluff Great House a major Chaco outlier in Utah Bluff s massive great house great kiva and earthen berms are described and compared to other great houses in the northern Chaco region Those assessments support intriguing new ideas about the Chaco region and the effect of the collapse of Chaco Canyon on outlying great houses New insights from the Bluff Great House clarify the construction and use of great houses during the Chaco era and trace the history of great houses in the generations after Chaco s decline An innovative comparative study of the northern and southern portions of the Chaco world the northern San Juan area around Bluff and the Cibola area around Zuni leads to new ideas about population aggregation and regional abandonment in the Southwest Appendixes on CD ROM present details and descriptions of artifacts recovered from Bluff ceramics projectile points pollen analyses faunal remains bone tools ornaments

and more This book is one of only a handful of reports on Chacoan great houses in the northern San Juan region It provides an in depth study of the Chaco era and clarifies the relationship of outlying great houses to Chaco Canyon Research at the Bluff Great House begins to answer key questions about the nature of Chaco and its region and the history of the northern San Juan in the Chaco and post Chaco worlds **Antiquity** Antiquity Publications Ltd,1994 **Reanalysis and Reinterpretation in Southwestern Bioarchaeology** Ann Lucy Wiener Stodder,2008 **Antiquity** Osbert Guy Stanhope Crawford,1994 Includes section Reviews **Toward a Critical Pedagogy for the Environment** ,1998 **Vernacular Architecture Newsletter** ,1995 Yumtzilob ,1994 **Religion in the Prehispanic Southwest** Christine S.
