A HANDBOOK OF BIBLICAL FUTURE EVENTS WITH POSSIBLE DATES Gary T. Mayer, 2025-11-12 The book of Daniel reveals that knowledge of God's plans for the end of the age will be understood at the time of the end Mayer believes that we are now in that time He has

found evidence for the probable dates of future events such as the rapture of the saints the setting up of the abomination of desolation and the second coming of Christ he shares in his book these possible dates with Scriptural evidence This book presents a fresh look at the Scriptures in regards to Daniel s seventieth week God will cause Christ s blood covenant to prevail at this time for the salvation of many people because the power of the Holy Spirit will be poured out Gary gives special attention to the 144 000 who are protected during the last half of the Great Tribulation and to the great multitude that will come out of the Great Tribulation He shows that the seals of Revelation are distinguished from the Trumpets and bowls because the seals basically did not contain new revelation that came after Christ s resurrection and ascension but the trumpets and bowls reveal new details His book ends with a call to repentance in light of what will soon be coming upon the earth

The Jewish Apocalyptic Tradition and the Shaping of New Testament Thought Benjamin E. Reynolds,Loren T. Stuckenbruck,2017-04-01 The contemporary study of Jewish apocalypticism today recognizes the wealth and diversity of ancient traditions concerned with the unveiling of heavenly matters understood to involve revealed wisdom the revealed resolution of time and revealed cosmology in marked contrast to an earlier focus on eschatology as such The shift in focus has had a more direct impact on the study of ancient pseudepigraphic literature however than in New Testament studies where the narrower focus on eschatological expectation remains dominant In this Companion an international team of scholars draws out the implications of the newest scholarship for the variety of New Testament writings Each entry presses the boundaries of current discussion regarding the nature of apocalypticism in application to a particular New Testament author The cumulative effect is to reveal as never before early Christianity its Christology cosmology and eschatology as expressions of tendencies in Second Temple Judaism
