The American Peace Movement And Social Reform 1898 1918

Peter J. Parish

The American Peace Movement And Social Reform 1898 1918:

The American Peace Movement and Social Reform, 1898-1918 C. Roland Marchand, 1973-01-01 The history of the peace movement in the United States was one of dramatic change in the mid IKWs it consisted of a few provincial societies by 1912 it had become eminently respectable and listed among its members an impressive number of the nation s leaders by 1918 it was once again weak and remote from those who formulated national policy Along with these fluctuations went equally substantial changes of leadership and purpose that as C Roland Marchand emphasizes reflected the motives of the various reform groups that successively joined and dominated the movement Most of those who joined were not devoted solely to the cause of world peace but saw in the programs of the movement a chance for the fulfillment of their own more immediately relevant goals Consequently the story of the peace movement reflects the concerns of such groups as the international lawyers who wanted a world court of arbitration as an alternative to war the business leaders who believed that international economic stability would be endangered by war and the labor unions who felt that the working class suffered most in war Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The American Peace Movement and Social Reform, 1898-1918 C. Roland Marchand, 1972-01-01 *The American Peace Movement* Charles Chatfield, Robert Kleidman, 1992 In November 1969 tens of thousands of demonstrators converged on Washington D C to protest U S involvement in Vietnam For four days they marched sang and made speeches calling for an end to the war then they dispersed Who were these people and what brought them together Who was in charge and what did they hope to accomplish What real effect did the event have on public opinion or foreign policy In *The American Peace Movement Ideals and Activism* Charles Chatfield explores such questions as they relate to the peace movement from the early nineteenth century up to the present Combining a broad historical scope with a sociological perspective the study examines the movement as a social process an interaction of organizations strategies and goals Chatfield analyzes public attitudes toward peace war and foreign policy and the shifting constituencies of the various peace coalitions as the movement responded to specific challenges of the international situation Detailed portrayals of events goals strategies and leaders help bring the story of the peace movement vividly to life *History of the American Peace Movement, 1890-2000* Charles F. Howlett, 2005 This work is a scholarly analysis of the evolution of the modern American peace movement It contains the writings of some of the foremost scholars in the field Among the contributors are the late Pulitzer Prize winning historian Merle Curti as well as prize winners Charles Chatfield and Lawrence S Wittner This volume is arranged chronologically and offers fresh perspectives on how the peace

movement shed its pre World War I elitism while at the same time transforming itself from one of opposing war to one of proclaiming the need for social political and economic justice The tragedies of World War I represent a major turning point in the movement's history The essays selected detail the changes which took place within the movement to the advent of the 21st century Included in this anthology are scholarly discussions about the influence of liberal pacifism the evolution from nonviolent passive nonresistance to direct action

A History of the American Peace Movement Charles F.

Howlett,Robbie Lieberman,2008 On love and loss sex and death food and gardening a beautifully crafted new collection by Australia's most assured short story writer Why did Bluebeard kill his wives Because that's what he did It's a given It's the plot Until the lucky one who is saved The even more interesting question is why did Mrs Bluebeard feel utterly unable to resist opening the door Don't we all think when it comes to these stories that we'd have made it work So much freedom and one tiny forbidden thing Not important a token in fact So easy to obey so small a prohibition We think if I had been Eve I wouldn't have picked the fruit of the tree of the knowledge of good and evil I wouldn't have given a piece to Adam I and my progeny down the millennia would still be multiplying fruitfully in the Garden of Eden Life in all its richness is reflected in this superb new collection from one of Australia's most acclaimed short story writers These stories are brimming with surprising characters the virgin and the pornographer the adulterer the translator the defecting diplomat and the inconveniences of modernity In the end though it is a collection of stories about happiness its circuitous routes its surprising outcomes and the consequences when we fail in its pursuit

Reader's Guide to American History Peter J.

Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

International

Organizations Jan Klabbers,2017-05-15 International organizations have come to occupy a central position in international governance exercising many public functions and facilitating political debate amongst states and other actors though it is only recently that the focus of legal discussions has begun to shift to controlling the activities of organizations This volume assembles sixteen important essays addressing various issues relating to the law of international organizations highlighting theoretical issues and ongoing political debates and emphasizing issues of control The introductory essay provides an overview of the development of the politico legal debate and situates the law of international organizations historically and in its contemporary context

Unity is Strength Markus Bierkoch,2024-12-02 Migration has been one of the most pressing

societal issues throughout history Immigrant associations play a crucial role in understanding this phenomenon They channel migration streams influence the assimilation of their members and serve as representatives of the entire immigrant group in society However they remain an understudied subject particularly in historical research To address this gap this study examines German immigrant associations in New York from the 1890s to the 1930s Through an innovative combination of statistical and textual analyses it explores the class composition of these associations their intricate system of mutual aid and their political activities This study offers insights into how specific socio economic motivations influenced immigrant organization and collective action including aspects such as long distance nationalism and cross border ethnic identity Ultimately based on these findings this study demonstrates that immigrant associations played a crucial role in helping their members adapt to a new social and economic environment Additionally it shows why and how immigrant associations significantly shaped the image of German immigrants in American social and political life

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

Planning War, Pursuing Peace Paul A. C. Koistinen, 1998 The third volume in a magisterial five volume study of the political economy of American warfare

American National Biography John A. Garraty, Mark C. Carnes, 2005-05-12 American National Biography is the first new comprehensive biographical dictionary focused on American history to be published in seventy years Produced under the auspices of the American Council of Learned Societies the ANB contains over 17 500 profiles on historical figures written by an expert in the field and completed with a bibliography The scope of the work is enormous from the earliest recorded European explorations to the very recent past
