Animal Rights John M. Kistler,2000-06-30 Introductions to each chapter explain the issues as well as the arguments that surround them and a general introduction to the volume thoroughly explains how to use the book Each entry contains the following information author title edition series title location of publisher name of publisher number of pages year of publication and International Standard Book Number Annotations include the most important information available to help the researcher including web sites that contain not only the full text of the book when available but also excerpts and articles or interviews by the author short quotations from the books and short descriptions and summaries of the books All the information provided allows students to locate exactly what they need while encouraging them to explore other issues and differing viewpoints

The Animal Inside Geoffrey Dierckxsens,Rudmer Bijlsma,Michael Begun,Thomas Kiefer,2016-12-07 Much has been written about animals in applied ethics environmental ethics and animal rights This book takes a new turn offering an examination of the animal question from a more fundamental philosophical anthropological perspective The contributors in this important volume focus on how the animal has appeared and can be used in philosophical argumentation as a metaphor or reference point that helps us understand what is distinctively human and what is not A recurring theme in the essays is the existence of a zone of ambiguity between animals and humans which puts into question comfortable assumptions about the uniqueness and superiority of human nature While the chapters straddle the boundaries of historical philosophical and systematic continental and analytic approaches their thematic unity knits them together presenting a rich broad and yet cohesive perspective The first part of the book offers general explorations of the relation between animal and human nature and of the concomitant existential and ethical dimensions of this relationship The chapters in the second part address the same theme but in so doing focus on specific aspects of animal and human nature imagination politics history sense finitude and science
